Commy Moppets Stage Parade In East Berlin

Typhus Spread, Many Hospitalized; Officials Worried

By RICHARD S. WEIL
(U. S. Staff Correspondent)

BERLIN, Aug. 13.—New "recruits" for the Communist youth festival streamed into East Berlin today, replacing foot-sore, young comrades who turned back the clock to Hitler's heyday with a monster "hate America" rally.

The fresh group represents the third and last "shift" of German youths to attend the two-week festival under a form of "rotation" plan.

Those departing had been part of the million Red-regimented youths who had tramped down the historic Unter den Linden yesterday chanting anti-American slogans and shrieking their devotion to communism.

However, the Soviet-sponsored "peace parade"—hailed as the high point of the festival—left relatively few of the spectators enthused.

Led by mass poster portraits of Soviet Premier Stalin and marching—sometimes 100 abreast—to the blare of martial music, the youths demanded American departure from Germany. Many of the marchers carried caricatures of President Truman and Gen. Dwight D. Eisenhower.

But today, with the hysterical climax of the festival past, East German officials looked worriedly toward the remaining week of the pageant.

Typhus Spreads

Typhus was reported spreading through the ranks of the Communist youths, with several hundred already said to be hospitalized.

Also facing the Communist promoters was the prospect of a new exodus by the youngsters to West Berlin.

O'Mahoney Asks Middle-Income Tax Increases

Sees Three-Year Deficits Ahead Despite No War

By WILLIAM THEIS
(U. S. Staff Correspondent)

WASHINGTON, Aug. 13.—A joint economic committee report warned today that, even without a "major war" before mid-1956, the nation faces deficits for three years and should boost taxes on middle-income groups.

The report issued by the staff under Chairman O'Mahoney (D-Wyo.), cautioned that anti-inflation curbs will prove inadequate unless 1952 military appropriations are "cut substantially."

May Balance 1952

It emphasized that even the administration's 10-billion dollar tax increase program would fail to avert a deficit in 1952, although it would probably "just balance" the budget for fiscal 1952.

The report was issued as the Senate Finance committee began redrafting the 7.2 billion dollar House-approved tax bill. Best indications are that the Senate committee will trim the measure further, perhaps to 6 billions.

O'Mahoney told a news conference he is still advocating a pay-as-you-go approach "as far as possible" to meet the cost of rearmament.

Fire Andrews, Labor Men Urge

PITTSBURGH, Aug. 13.—(INS)—The Democratic party faced a demand from Pittsburgh labor leaders today to oust assemblyman Hiram G. Andrews from the state policy committee.

CIO, AFL, United Mine Workers and Brotherhood of Railroad Trainmen officials sent the ouster demand yesterday to state party chairman Maurice Spahn and claimed "the Democratic party cannot afford to go into the fall elections with a labor-hater like Andrews on its policy board."

Andrews, house minority leader, last week attacked Judge Michael A. Musmanno, Democratic nominee for the supreme court, who lobbied in Harrisburg for adoption of an anti-communist bill.

Andrews charged Musmanno, a Pittsburgh jurist, has disqualified himself from the supreme court, which may have to rule on all anti-communist legislation.

He said in Harrisburg that he will make a statement after he finds out more about the labor plea.

State Legislators Seeking New Sources Of Taxation

By JOHN PAGET
(U. S. Staff Correspondent)

HARRISBURG, Aug. 13.—A tentative decision on a substitute two-year tax program to supplement already-approved revenues will be made today by a special committee as a prerequisite to ending the longest session of the General Assembly in 172 years.

The select Republican committee charged with raising approximately 140 million dollars will nail down its final program by choosing from 25 levies discussed by the six members.

Alternate Program

The alternate program will be recommended to a similar GOP committee from the house for the flat income tax which the senate

Pittsburgh Patrolman Found Shot To Death

PITTSBURGH, Aug. 13.—(INS)—Pittsburgh police officer for more than 35 years, was found shot to death in his north side district home yesterday. Police listed the death as suicide.

Mrs. Edna Moore found her husband's body in the bathroom when she returned from church. There was a bullet wound in the head. Moore's service pistol was at his feet.

Danville Youth Captures Derby

Wilbur Shaw Suffers Attack Before Race

AKRON, O., Aug. 13.—(INS)—Wilbur Shaw, famed auto racer who suffered a heart attack before the start of the All-American soap box derby, was reported to be "slightly improved" but still in serious condition at Akron City hospital.

The Indianapolis Speedway president and three-time winner of the annual 500-mile Memorial Day classic, collapsed yesterday after sprinting to his auto to participate in a pre-derby procession of celebrities. He was slated to referee race.

While the 49-year-old Shaw was being rushed to the hospital 15-year-old Darwin Cooper of Danville, Pa., sped his home-made racer to victory in 27.97 seconds.

Cooper, a lanky, untalented youth, became the 14th soap box champion, surviving five heats entered by 140 young hopefuls from the United States, Canada and Germany.

His victory, witnessed by his parents, earned him a \$5,000 scholarship to the college of his choice. He was sponsored by the Williamsport, Pa., Sun-Gazette.

Finishing behind Cooper was Raymond Marconi of Gary, Ind.; Paul F. Albright of Jefferson City, Mo., took third, followed by James Gray of Columbus, Ga.; Billy Hergert of Akron and Ferdinand Funke of Evansville, Ind.

Hofman Takes Over Price Regulation Job

PHILADELPHIA, Aug. 13.—(INS)—Former Philadelphia hotelman Charles E. Hofman, today takes over the headhunting of regulating restaurant prices for the city of Philadelphia, New Jersey and Delaware.

Joseph J. McBryan, regional OPS director, said Hofmann's jurisdiction will cover all types of restaurants, from the swankiest dining room to the corner hot dog stand.

Hofmann succeeds John J. O'Neill, who was made head of the Philadelphia district office's food pricing section.

Mike Quill's Bid For Cops' Union Gets Court Test

Transport Leader Trying To Enlist New York Police

NEW YORK, Aug. 13.—(INS)—The bold bid of Michael J. Quill, boss of the CIO Transit Workers Union for control of New York City police comes to a court test today.

Supreme Court Justice Charles L. Breitel will hear arguments on whether Police Commissioner Monaghan has the right to forbid policemen from joining a union.

The court session was scheduled amid these other developments in the fight over control of this city's police:

1. Mayor Impellitteri, already on record against a union for police, will discuss the battle at a press conference.

2. The Patrolmen's Benevolent Association state convention in White Plains is expected to receive 194 resolutions—one from each member—denouncing "the abortive membership raid of Quill on the PBA."

The court session involved an order obtained by Quill for Commissioner Monaghan to show cause why he should not be restrained from prohibiting policemen from joining the CIO Transport Workers Union.

Honor System To Be Retained

WASHINGTON, Aug. 13.—(INS)—Maj. Gen. F. A. Irving, superintendent of the U. S. Military Academy, indicated today that the honor system and football both will be retained without change despite the dismissal of 90 cadets for cheating.

In an interview with U. S. News and World Report, Gen. Irving was asked whether any consideration would be given to a proctor system as a substitute for the honor system. He replied flatly: "No."

Gen. Irving scotched the idea that a desire for athletic superiority motivated the cheating scandal. He said the ratio of athletes to non-athletes in the expelled group is 50-50.

Reports from West Point indicated, however, that most of the varsity football team was included.

The general said the academy feels it "can have football and encourage honesty." He said that "football players as well as other students have been able in the past to meet the standards of both honesty and scholarship."

Commenting on some cadet contentions that widespread cribbing has been in progress during the past four or five years, Gen. Irving said the academy has "no conclusive evidence" and added: "I do not think that organized (Continued on Page Two)"

Rotation Plan Working Well, Ridgway Says

Claims Communists Show No Evidence Of Peaceful Intent

WASHINGTON, Aug. 13.—(INS)—Gen. Matthew B. Ridgway said today that Communist forces in Korea have shown "no concrete evidence of honest, peaceful intentions."

The United Nations command, he added, "will now judge Communist intentions not by words, but by performance."

The commander-in-chief of UN forces in Korea made his statement in a radiotelegraphic interview with the U. S. News and World Report.

No Letdown

Gen. Ridgway solemnly warned against any letdown in preparedness and emphasized that what is done on the homefront "bears a direct relation to the number of American boys who will ultimately return alive."

He said the rotation plan is working "exceedingly well" and (Continued on Page Two)

Old Timers Day Here Wednesday

Forty-fifth annual Old Timers Day will be held Wednesday of this week at Cascade Park.

The Grand March is scheduled to begin at 2 p.m. with as many of the old timers of the community as possible taking part.

A program of entertainment, singing, dancing and general get-togethers has been planned by the Old Timers Day committee, which is headed by Paul F. Butz.

Mayor John F. Haven will open the program with a few words of welcome. Richard E. Rentz, vice chairman of the committee in charge, will act as master of ceremonies.

Guests of honor for the day will be two former superintendents of tin mills in the city—David S. Pyle, former superintendent of the Shenango plant, and John Butler, former superintendent of the New Castle plant. Judge W. Walter Bramham will be in charge of a short program, paying tribute to these men.

The committee is looking forward to a large turnout to make this the finest of all Old Timers Days. Indications point to a good turnout of former residents coming back for the day.

American Legion Band Wins Second State Championship

New Castle's Perry S. Gaston Post band, won the title of State band champions of the American Legion for the second successive year at the contests staged in connection with the State convention which closed at Pittsburgh Saturday.

The band won its first title at Philadelphia at the 1950 convention, and retained its laurels against stiff competition from scores of bands from other parts in the state. Langley Post of Pittsburgh was second.

Headed by Band Chairman William Alexander, Conductor Claire Gibson, and Drum Major Carl Sherer, the band made a hit in the colorful parade staged Saturday afternoon, winding up the convention. The entire 34 members took part in the contest and parade.

Commander Manning Weller headed the New Castle delegation which attended the convention in Pittsburgh held during the latter part of last weekend and many post members attended the sessions.

Senate May Cut Truman Request For Tax Boost

Asks Ten Billion, Senators Believe Five To Seven Is Enough

By IRWIN SAFCHIK
(U. S. Staff Correspondent)

WASHINGTON, Aug. 13.—The 10-billion-dollar tax boost sought by President Truman faces a possible cut of 50 per cent today as the senate finance committee begins work on a house bill which would raise collections 7.2 billion dollars.

The Twentieth Century Fund, a private research institution, went the president one better and called for a 16 billion dollar tax increase to make up a "realistic" tax program.

Five To Seven

It is expected that the senate tax writers will eventually settle on an increase of from five to seven billion dollars to cover the nation's rising defense bill for fiscal 1952.

GOP leader Taft, Ohio, a finance committee member, thinks the amount will be five billion dollars. But Chairman George D. Aiken, says only that his group will "quite possibly" approve a boost smaller than the one passed by the house.

Most committee members refuse to guess at the final version of the bill, which George hopes will be ready for senate action by the end of August.

The 13-member finance committee must also choose between house and treasury suggestions (Continued on Page Two)

HARRISBURG, Aug. 13.—(INS)—Gov. John S. Fine's veto of proposed retirement qualifications for policemen in third class cities today emphasized that nothing would have been gained.

The bill would have permitted the cities to prescribe a minimum 20-year period of continued service before retirement in lieu of the present minimum period of "not less than" two decades.

"Stated otherwise," said the governor in his veto message, "a retirement ordinance could not provide for minimum continuous service (Continued on Page Two)"

Commies Insist Armistice Line Must Be At 38th

Adm. Joy Agrees To Adjustments On Line Question

By HOWARD HANDLEMAN
(U. S. Staff Correspondent)

UN BASE NEAR KAESONG

Aug. 13.—An attempt to coax the Reds into a joint map study to work out "adjustments" of the Allied-proposed battle front cease-fire line failed today to pull the Korea armistice talks out of their critical stalemate.

Equally futile was a new United Nations effort to bypass the thorny buffer zone issue temporarily and move on to other questions in the hope of saving the shaky Kaesong conference from collapse.

Barely Alive

Wavering peace prospects were kept barely alive, however, when another—and perhaps decisive—meeting was set for Tuesday. The parley has been deadlocked for 13 of its 23 sessions over the issue of where to locate an armistice line.

Vice Adm. Charles Turner Joy, top UN delegate, spent 38 of the 80 minutes consumed by Monday's meeting in a fresh, exhaustive explanation of the Allied stand for a cease-fire belt conforming to the "military realities."

He handed the Reds a new map showing both the UN and Communist deliberations of the present battle positions. And, once more, the lean, crisp-spoken American admiral depicted UN air and naval superiority as among the "realities" which must be reckoned with in fixing an armistice line.

"But in a conciliatory move, Joy told the Red delegation the UN is 'willing to discuss this proposal jointly on a map with a view to making such adjustments as to be acceptable to both parties.'"

His delegation, he promised, would "listen attentively to any views you may care to present" on (Continued on Page Two)

New Exchange To Open Soon

Telephone subscribers residing in the Bessemer, Edinburg, Hillsville and Mt. Jackson area, and intervening points, will be served by the new Mohawk exchange, effective Sunday, August 26, it was announced today by Robert E. Anstadt, local manager of the Bell Telephone Company of Pennsylvania.

The Bell company has completed negotiations with the Westfield Telephone company, and Enterprise Companies One, Two and Three to take over service in this area, effective on August 26.

Exchange Cost \$256,000

Subscribers served by these companies are now connected directly with the New Castle office, and have New Castle numbers. A special directory listing the new Mohawk listings is now being distributed to all New Castle and Mohawk subscribers. However, the new numbers should not be used until August 26, Mr. Anstadt directs.

Dial Office

The Bell company has erected a new dial central office building on the Bessemer-Mt. Jackson road, which will house the new Mohawk exchange, and has erected a number of new lines to serve the area at a total cost of \$256,000. Under (Continued on Page Two)

When Sunday comes and the day is bright and the sun is drenching the land, I like to hike to a shady spot and there make an all-day stand. I do not pine for the open road and a car that will raise the dust, nor like friends I know, get ready to go on a gasoline Sunday bust. You can have the road on a Sunday friend, but for me I will keep away, and give the road to the gasoline goons. It's hot, 86 today.

Albert Pishlaw of West Washington street extension, reports to Pa. News an unusual occurrence at his place. On a peach tree in his yard which is growing peaches is one apple growing. The apple branch was not grafted into tree but grew voluntarily. It is attracting much attention.

Ideal weather in the local area Sunday brought many cars out on the highways. City streets carrying traffic routes were jammed on Sunday evening as motorists were making the return trip home.

All detour signs which were erected by the state highway department over Routes 88 and 288, during the course of the Route 18 detour, have been removed by workmen. Traffic is flowing without obstruction over the new section of highway.

Contractor for the widening and resurfacing of the Mt. Jackson-Enon Valley road, continues to make good progress. Only one building along the route will have to be moved to make way for the highway widening project. Drainage and other preliminary work occupies the time of the workers at present.

New Castle missed rains which fell in adjoining counties on Sunday. A light rain fell before 7 o'clock Sunday morning here, but none was noted after that time. Late afternoon rains were observed in the Butler-Kittanning districts.

Farrell will be the scene of a firemen's tented city this week when hundreds of district firemen will move in on the city for exercises. Many parades and demonstrations are planned during the period which is in connection with Farrell's Golden Jubilee.

Rotation Plan Working Well, Ridgway Says

(Continued From Page One)

more than 50,000 Americans have returned to the U. S. "with no loss in combat effectiveness."

He reported that "mutual confidence and mutual respect" among the various national and military units have produced an "unbeatable battle team" in Korea.

Commenting on problems faced by UN forces when cease-fire talks are underway, Gen. Ridgway declared:

Spirits High

"The ceaseless flow of falsehoods, perversion and slanted statements which continue to emanate from Communist-controlled public information media, together with the long record of Communist duplicity, deceit and faithlessness in contractual obligations, have dissolved all doubts in the minds of this command as to Communist objectives."

He added that "our forces know why they fight and their spirits were never higher."

Ridgway was emphatic in his warning that there must be no let-down in the nation's preparedness program. Asked how such a let-down would affect the Korean situation, he said:

"If it occurred, it could gravely impair the fighting effectiveness of United States forces and consequently seriously jeopardize the security of the United Nations command now fighting so gallantly in Korea."

STATE LEGISLATORS SEEKING NEW SOURCE OF TAXATION

(Continued From Page One)

feat handed a chief executive by rebellious Republicans in the senate in almost two decades.

Needs the Money

"Right now," he said ruefully, "I'm interested in having them provide the taxes I need to carry out the state services for the next two years."

The income tax defeat struck a familiar chord for Fine because he was active in the organization of then Governor Pinchot when the legislature turned thumbs down on the special taxes recommended by Pinchot in the gloomy days of the early 1930's.

The committee's range of substitute taxation embraces old as well as new levies.

It is possible that the senate version of the alternate program will cover both categories.

The six-member committee is loaded 4-2 with Republicans who favored the income tax thus indicating insistence on a program at line with the drastically revised administration line of fiscal thinking.

Taxes under consideration cover business, utilities, industry and special items—ranging from hotel occupancy to soft drinks.

Although Governor Fine is opposed to re-enacting a "pop" tax on the ground that he pledged its demise when campaigning for governor, there is sentiment among the committee to propose it anew in view of the fiscal problem facing the legislature.

SENATE MAY CUT TRUMAN REQUEST FOR TAX BOOST

for raising individual income taxes, with most members leaning toward the treasury recommendation.

Individual Hike

The house bill would hike the individual levy a flat 12.5 per cent. The treasury says a four percent point raise in each bracket would yield more revenue without working a hardship on the middle brackets.

The senate group must also decide what to do about house provisions for collecting 800 million dollars more in excise taxes and for lowering the excess profits base from the present 85 per cent to 75 per cent.

The house approved excise increases on such items as liquor, beer and automobiles may be scrapped altogether. But the finance committee may seek to boost the excise yield by applying the levy to more items, which would permit some rate decreases.

Still Balking

In a statement, prepared and translated in advance and thus reflecting the inflexibility of the Communist position, Chief Red Negotiator Gen. Nam II insisted again on what he called a "just and reasonable" truce line astride Parallel 38.

He brusquely rejected Joy's bid to go on to the question of an armistice supervision commission or the exchange of war prisoners. The vital buffer zone problem, Nam said, must first be settled before any other subject can be taken up.

Before the 23rd meeting, the Red radio in Peking broadcast a version of Sunday's meeting in which Gen. Nam II was quoted as charging that the UN was trying to "camouflage the real facts and to deceive the people of the world."

The broadcast said:

"General Nam II further pointed out that so long as the opposite side do not give up their absurd and arrogant proposal and give serious consideration to the just and reasonable proposal of our side, the meetings cannot progress."

JEALOUS WIFE KILLS CABINET MEMBER

(Continued From Page One)

ed upon returning to his Orleans home from Paris yesterday.

Premier Rene Pleven ordered top officials to Orleans to investigate the shooting. This included Interior Minister Charles Brune.

The police version is that the shooting occurred after a domestic quarrel and had nothing directly to do with politics. The wife, they said, believed however that Chevallier's frequent absences in Paris were prompted not only by politics but by "another woman" in her husband's life.

Chevallier was a physician in private life and was immensely popular in Orleans where he had been mayor since 1944 and had a leading part in rebuilding the war-torn city.

As the story was told by police Chevallier, who also was a national assembly deputy, had been in Paris for a week during the negotiations in which Pleven finally was able to form a cabinet.

Yesterday morning he left for his home and was scheduled to dedicate a bridge at Châtillon-Sur-Loire, near Orleans.

He stopped at his home and told the chauffeur he was going to make a quick change of clothes.

Shoots Him

Inside the home a quarrel occurred and his wife, who recently obtained a small revolver, shot him three times in the chest, then put two bullets in his head as he fell to the bedroom floor.

Police said Mme. Chevallier then called the police station, asked the officer in charge to come to her home to meet her husband, then calmly told the officer at the door:

"I have just killed my husband."

ment. He said that "if we go into deficit financing we invite inflation to return—that is the greatest threat to the country."

While the staff report paid tribute to the pay-as-you-go principle, it recognized that increased revenues must be found to make it possible.

It said: "Clearly, most of these have to come from individuals in the \$3,000 to \$10,000 income brackets. . . in this middle range of incomes, tax rates could be increased further."

Peak In 1953

The report held that it is evident federal budget expenditures may hit a peak of 87 billion dollars in fiscal 1953, then drop to about 84 billions in fiscal 1954, 72 billions in fiscal 1955 and stabilize at about 60 billions in fiscal 1956.

It stressed that estimated revenues could not meet these expenditures until after 1954, and said "this implies that the budget would show a deficit for the three fiscal years 1952 through 1954, after which it could be balanced."

One of the assumptions of the report was that "there will be no major war prior to June 30, 1956."

Mr. and Mrs. George A. Gardner Will Observe Golden Wedding

Mr. and Mrs. George A. Gardner will celebrate their Golden Wedding anniversary on Thursday, August 16, at their home, 1024 Brighton road, Ellwood City.

Open house for relatives and friends will be held from two until five o'clock in the afternoon and from seven until eleven o'clock that evening.

Mr. Gardner, who was the first railway express agent in Ellwood City, retired in 1950 from the Railway Express Agency, Pittsburgh Division, after 43 years of service. He served in Ellwood City, Coraopolis, Monessen, Pittsburgh and Cleveland.

Mr. and Mrs. Gardner were born in Ellwood City and have lived there most of their lives. They were married August 16, 1901, by Rev. Charles Z. Bell of Ellwood City at Mrs. Gardner's home in Wayne township. Mrs. Gardner is the former Miss Flora B. Weimer, the eldest daughter of the late Mr. and Mrs. Oran W. Weimer.

Mr. Gardner is a Mason and member of the Consistory. Mrs. Gardner is active in the Order of Eastern Star, White Shrine and the Amaranth of Wilkinsburg. They are members of the Slippery Rock Presbyterian church of Ellwood.

Mr. and Mrs. Gardner had three children. Two daughters, Mrs. William C. Dreyer of Houston, Texas, and Mrs. Henry M. McClain of Lakeland, Fla. A son, Dr. Kenneth A. Gardner, died in January

of 1942. They also have one grandchild, Miss Mary Elda Dreyer, of Houston, Texas, a student at the University of Texas at Austin. Mr. Gardner's mother, Mrs. James A. Gardner, will be a special guest at the affair.

MISS ANNABEL ORT ANNOUNCES DATE

Miss Annabel Ort, a bride-elect of this month, has chosen Friday evening, August 31, for her marriage to Lloyd Fombelle. Miss Ort is the daughter of Mr. and Mrs. Harry Ort of Castlewood. Mr. Fombelle is the son of Mr. and Mrs. Paul Fombelle of the Old Pittsburgh road.

An open church ceremony will be performed in the Castlewood Christian and Missionary Alliance church at 7:30 o'clock. Rev. Vernon Orner will officiate.

Miss Ort has chosen Mrs. James Byers as her matron of honor. Mrs. Chauncey Forbush and Mrs. Walton Fombelle will be the bridesmaids. Nieces of the bride-to-be, the Misses Sandra Byers and Janet Forbush, will be flower girls.

Walton Fombelle will serve his brother as best man and ushers will be George Capps and Ralph Bogle.

Francis Reunion

The Francis reunion will be held Saturday, August 18, at the home of Mr. and Mrs. Dale Currie, Weigeltown. Dinner and supper will be served.

CALVIN-COMSTOCK BEAUTIFUL WEDDING

Miss Marilyn Ruth Calvin daughter of Mr. and Mrs. Leal B. Calvin of R.D. 3, Fairhill Drive, was married to Earl Henry Comstock, son of Mr. and Mrs. Clifford C. Comstock, 226 Fairmont avenue, at a beautiful double ring ceremony performed Saturday, August 11, at 4:30 o'clock in the First U. P. church.

The couple repeated their solemn nuptial vows before Rev. Robert H. Mayo, pastor of the church. Cibodium ferns, palms, lighted candelabra and large vases of white gladioli formed a festive setting for the church altar.

A background setting of organ music was provided by Miss Mina Belle Packer of Mt. Lebanon, sorority sister of the bride. Miss Betty Toner of Belle Vernon, also a sorority sister, was the soloist. Selections were "These Dear," "Grief," "Entreat Me Not to Leave Thee," and "The Lord's Prayer."

Gowns of orchid and maize yellow Chantilly lace and net worn by the attendants contrasted with the ballerina length white Chantilly lace over satin creation chosen by the bride.

The bride costume was topped by a crown of white flowers and a necklace and hem, and featured a net yoke with stand-up collar, long pointed sleeves, and buttons to the waist in front. A shoulder length veil of net edged with lace was caught to a braid of net with intertwined pearls. The bride was given in marriage by her father, Mr. Leal B. Calvin.

Her bride flowers consisted of a hand bouquet of Fleur d'Amour, stephanotis and variegated lily.

Mrs. Alvin K. Waugaman, Jr., nee Bobbie Estep, Pittsburgh, was matron of honor. She and bridesmaid Miss Patricia Reinheimer of Ellwood City were both sorority sisters of the bride. Mrs. William Shaw, nee Jean Kelly, this city, and Miss Harry Adams of Cleveland, O., cousin of the bride, completed the list of bridesmaids.

A hand bouquet of orchid and yellow gladioli harmonized with the orchid gown of the matron of honor, and the bridesmaids carried roses and yellow gladioli. All wore yellow mums in their hair. The gowns, patterned after the bride's, featured Chantilly lace bodices and net skirts and short sleeves.

William C. Comstock attended his brother as best man and the ushers were Edwin C. Hoye, Jr., Edward W. Russell, all of New Castle, and Harry O. Spangh, Meadville, cousin of the groom.

Immediately following the ceremony a reception was held at the home of the bride's parents. Mr. and Mrs. Comstock will honeymoon at Lake Chautauqua, upon completion of which they will return to their newly furnished apartment at 211 Fairmont avenue.

The bride is a graduate of New Castle senior high school and Westminster college where she was a member of Kappa Delta sorority. She is a member of the teaching staff at Arthur McGinnis school.

Mr. Comstock was also graduated from the local high school and the Robert Morris School of Business. He is with the accounting department of the Pennsylvania Engineering company.

Mr. and Mrs. C. C. Comstock entertained members of the bridal party at a rehearsal supper at their home on Fairmont avenue Friday evening.

MRS. MARY WIMER HAS 88th BIRTHDAY

Mrs. Mary Wimer was guest of honor at a picnic dinner held at the home of her daughter, Mrs. George Goebel, Walls street, Sunday, in honor of her 88th birthday.

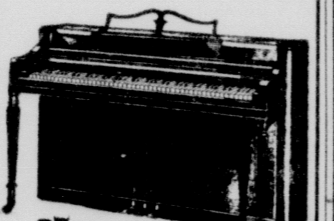

Twenty-four friends and relatives relished the meal served by Mrs. Goebel, and Mrs. Lloyd Wimer and Mrs. Frank Wimer, daughters-in-law of the honor guest, on an attractively appointed table on the lawn. A birthday cake and bouquet of gladioli formed the centerpiece.

Among the guests present were the honoree's granddaughter, Mrs. Arthur Wimer of Butler, and her three great-grandchildren, Gary, Randy and Alan Wimer. Other guests came from Portersville and Isle.

Mrs. Wimer received an assortment of birthday gifts and cards.

AXE-REED NUPTIALS ARE SOLEMNIZED

Miss Anna Katharine Axe, daughter of Mr. and Mrs. David Wilson Axe, of Morton street, became the bride of Russell Reed, son of Mr. and Mrs. Clarence Ewing Reed, of R.D. 4, Slippery Rock, at a pretty wedding Sunday afternoon in the Third United Presbyterian church at 2:30 o'clock. The single ring ceremony was performed by the Rev. Homer B. Henderson, guest pastor.

The bride, given in marriage by her father, was exquisitely gowned in a ballerina-length gown of sheer organza, inset with bands of delicate lace. Her veil was shoulder-length and she completed the lovely ensemble by carrying a Bible, which rested on a floral arrangement of gladioli and stephanotis.

Serving her sister as matron-of-honor, Mrs. Martha Beckman wore yellow organza with embroidered trimming through the skirt. Her flowers were a hand-bouquet of talisman roses. Her head-band was in yellow to match the gown. Acting as his brother's best man, was Clair Reed, with Willard Dott and David Clair Axe, the latter a brother of the bride, serving as ushers.

The ceremony was performed before an altar banked with palms, ferns, white gladioli, highlighted by white tapers in standard candelabras. Background music was played by the church organist during the service. At the close of the congratulatory period, the bridal party and members of the immediate families motored to New Wilmington for dinner.

At the conclusion of a post-nuptial trip Mr. and Mrs. Reed will reside at 27 Petrolia street, Bradford, Pa. Prior to her marriage the new Mrs. Reed graduated from the New Castle high school, Geneva college, studied at the University of Pittsburgh, and was a teacher in one of the New Castle schools. The bridegroom is a graduate of Slippery Rock high school and Grove City college, and attended Carnegie Tech in Pittsburgh. He is affiliated with the Bradford Laboratories Inc., in the capacity of chemist. Mrs. Reed will continue teaching in one of the Bradford schools, this fall.

STAPH-LOMBARDO ENGAGEMENT KNOWN

Mr. and Mrs. Guy Staph of R.D. 9, New Castle, announce the engagement of their daughter, Julia to Albert Lombardo, son of Mr. and Mrs. Dominic Lombardo, 306 Montgomery avenue.

No definite wedding plans have been made.

Houk Clan Gathers

Descendants of Samuel P. and Margaret Houk enjoyed their yearly reunion August 12 at Cascade park with a basket picnic being served at noon and in the evening. Playing horseshoes and riding park amusements were diversions.

Jack C. Houk was re-elected president. Plans were made to have next year's reunion July 27.

Those present from a distance follow: Mr. and Mrs. Miffina Weatherby of Adamsville, Mr. and Mrs. Howard Weatherby of Greenville and Mr. and Mrs. Mont Nowling, Mrs. Edwin James and Mr. and Mrs. Howard Hollins with their children, all of Warren, O.

Painful cramps of "Monthly Periods" stopped or amazingly relieved

in 3 out of 4 cases in doctors' own tests!

• Women and girls who suffer from those functionally-caused cramps, backaches and headaches of menstruation—who feel upset and irritable on certain "particular days"—may often be suffering quite unnecessarily!

Such is the conclusion from tests by doctors in which Lydia E. Pinkham's Vegetable Compound gave complete or striking relief from such distress in 3 out of 4 of the cases tested!

Yes! Medical evidence shows Lydia Pinkham's thoroughly modern in action. It exerts a remarkably calming effect

on the uterus—without the use of pain-deadening drugs! The effectiveness of Lydia Pinkham's needs no proof to the millions of women and girls whom it has benefited. But how about you? Do you know what it may do for you? Take Lydia Pinkham's through the month. See if you don't get the same relief from the pains and weakness of "those days." See if you don't feel better before and during your period!

Get either Lydia Pinkham's Compound, or new, improved Tablets, with added iron! If you're troubled with "hot flashes" and other functional distress of "change of life"—you'll find Lydia Pinkham's wonderful for that, too!

Lydia Pinkham's has a quieting effect on the uterine contractions (see chart) which often cause menstrual pain!

DAVIES-MOONEY PICTURESQUE RITES

Miss Karole Dyone Davies, daughter of Mr. and Mrs. Samuel John Davies of 414 Edgewood avenue, was united in marriage to Richard Donald Mooney, son of Mr. and Mrs. Samuel A. Mooney of the Wilmington road, on Saturday afternoon at half after three o'clock. Dr. Paul Graham of the Third U. P. church officiated at a double ring ceremony.

A charming southern influence was predominate in the exquisite design of the bride's gown. An original by Trafel of ivory silk imported French tulle over ivory shirred bodice edged in points of Brussels lace, with an off the shoulder neckline edged in matching lace. The four bouffant skirts of tulle formed a chapel train. Her fingertip veil of imported bridal illusion was held to a halo of illusion. The traditional "four corners" was incorporated in the bride's wedding attire. She carried a hand bouquet of tropical foliage and white gladioli. She was given in marriage by her father.

Miss Nancy Huston attended the bride as maid of honor, Mrs. Edward Cullen as matron of honor, and the Misses Barbara Marquis, Phyllis Phillips, and Carlotta Christoffer were the attending bridesmaids. All were gowned alike in deep violet nylon net frocks fashioned with strapless bodices and matching satin stoles to form portrait necklines. They carried hand bouquets of white Arcadia pompons with matching clusters worn in the hair. Little Kathy Mooney, cousin of the groom, acting as flower girl was charming in a frock of white net. Her bouquet was a nosegay of pompons.

Ernie Jackman served the groom as best man, with Randall Mooney, Edward Cullen, Robert Reiber and William Hamill serving as ushers.

A thirty minute period of organ music by Edwin Lewis preceded the ceremony. Vocal selection by Donald Bailey followed.

The reception was held at the New Castle Country Club at five o'clock. The ball room was beautifully decorated for the occasion. Refreshments were served in the club dining room where tables forming an "L" were decorated with deep violet and white gladioli, carrying out the colors used by the bridal party. Clusters of grapes and green foliage were used effectively.

After the "cutting of the cake" the bride and groom departed on a motor trip East visiting Atlantic City and New York City enroute to Cape Cod where they will spend several days. Mr. and Mrs. Mooney will be "at home" September 3 at Kent, O., where Mr. Mooney will continue his schooling at Kent university.

On Friday evening Mr. and Mrs. Samuel Mooney were hosts at a rehearsal dinner given at the New Castle Country Club. Among the guests were the brides aunt, Mrs. Leeland M. Uhl of Des Moines, Ia., Mr. and Mrs. Charles Danford and Mr. and Mrs. William Mooney.

Walmo Kensington

Members of the Walmo Kensington club will meet on August 15 at the home of Mr. and Mrs. Joseph Forney of Walmo for their annual picnic. At this time the husbands will be guests.

AIKEN-BROWN VOWS IN CORAOPOLIS

Mr. and Mrs. Paul Stuart Brown Jr. (Alice Kathryn Aiken) are honeymooning at Lake Placid, N. Y. They were married on Saturday, August 11, in the United Presbyterian church, Coraopolis, Pa. The bride is the daughter of Mr. and Mrs. James Aiken of Coraopolis, while the groom is the son of Mr. and Mrs. Paul Brown, Enon Valley, Pa. Dr. James Vorhis and Dr. W. Bruce Wilson performed the ceremony.

The bride, given in marriage by her father, chose a gown of white Chantilly lace and satin, fashioned with a fitted bodice and Queen Anne collar. The dress featured lace for the collar and long pointed sleeves with a panel of lace running the length of the dress in front and back. The pleated skirt ended in a long court train. A lace cap held her fingertip veil of silk illusion. The bride's flowers were orchids, lily of the valley and stephanotis in a cascade arrangement. She also carried a lace handkerchief that her mother carried at her wedding.

Mrs. John Aiken, sister-in-law of the bride, was matron of honor and the bridesmaids were Miss Lois Brodbeck and Miss Ellen Rutherford, former classmates of the bride at Westminster college. They were gowned alike in white nylon net, made strapless, with lace jackets and lace bonnets. They carried arm bouquets of dark red roses.

William Dahlgren, Sigma Phi Epsilon fraternity brother of the groom, served him as best man and the ushers were W. J. McKee Jr., George Byers, Bruce Brown, brother of the groom, and John Aiken, brother of the bride.

A reception was held at the Montaur Country club following the ceremony.

Mr. and Mrs. Brown will live at 1522 Ridge avenue, Coraopolis, upon completion of their wedding trip.

Both the bride and groom are June graduates of Westminster college.

I. V. D. Class To Dine

I. V. D. class of First Christian church will have a turkey dinner Tuesday at 6 p. m. at the home of Mrs. Robert Clarke, 726 Butler avenue. Mrs. Nettie Carr, Mrs. J. C. Carson and Mrs. W. J. Thatcher will be co-hostesses.

(Additional Society on Page 14)

Mr. and Mrs. L. R. Cooper Mark 45th Wedding Anniversary

Mr. and Mrs. L. R. Cooper of Volant were honored at a surprise party held at their residence Saturday, August 11, celebrating their 45th wedding anniversary and Mrs. Cooper's birthday.

Tables were beautifully decorated for the occasion with seasonal flowers. The honor couple were the recipient of many beautiful gifts.

The Coopers are the parents of three children, Brant, of Mercer, Fred, of Volant, and Mrs. Ira Nimmo, of New Castle. They have four grandchildren.

Femme Club Meets

Miss Janet A. Gresh, 718 Ne-shannock boulevard, entertained the Femme club at her home recently.

Swimming and a wiener and corn roast were the events of the evening.

The next meeting will be held at the home of Mrs. Norma Taylor, Mahoningtown, on September 12. A farewell party for Miss Barbara Gribben will take place, as she is leaving the club to enter nurses' training.

Kimmel Reunion

Fourth annual reunion of the Kimmel families was held Sunday, August 12, at Buhl park, Sharon.

A picnic supper was served at 5 o'clock in the grove. Games were the pastime. Mr. and Mrs. William Critchlow of Sheridan avenue were elected as new officers for the coming year.

Next year's reunion will be held at the home of Mr. and Mrs. Clarence Kimmel, Volant road, second week of August, 1952.

Regna Reunion

Members of the Regna families held their reunion at Ewing park, Ellwood City, Sunday, with approximately 75 in attendance.

A delicious baked ham supper with all the trimmings was served from nicely arranged tables. Games, swimming and various other sports added to the enjoyment of the get-together.

Red Youth Festival Boomerang?

A definite possibility that the Communist youth festival in East Berlin would boomerang to the detriment of Soviet propaganda arose with disclosure that half of the delegates made illegal excursions across the border into sectors occupied by the western Allies.

Authorities in the Allied area expected that a certain number of the young Communists attending the meeting would make the border crossing.

Exceeds Expectations

But the total has exceeded all expectations. The latest estimate is that 250 thousand out of the less than half million who turned up for the festival have made their way to the western areas.

Between 100 and 200 applied daily for permanent asylum. They were advised to return to their homes unless their lives were jeopardized by the surreptitious visits. But more than 700 have been accepted, a mere fraction of the total, to be sure, but the others may prove in the long run to be an invaluable asset to the Democratic cause in the East.

New Enjoyment

Berlin dispatches have told of East German girls enjoying for the first time the luxury of nylon stockings; of young boys gorging themselves on ice cream and lollipops; of young women learning what real lipstick is, and of the general freedom of walking and living in a region that has no reason to fear a secret police.

It is incredible that at least some of the quarter million young people who skirted the Soviet barriers and crossed to the West will have stories to tell to their compatriots. And all indications at present are that they will be far from praiseworthy as regards the Communist system.

Washington Calling

(By MARQUIS CHILDS)

Times Of Decision Multiply

WASHINGTON, Aug. 13.—These times of decision have a way of rolling around with a depressing regularity and the sound of ominous thunder offstage. Against the background of the Russian peace offensive, the bill calling for \$8.5 billion in economic and military aid for Europe, the Middle East and Asia taken on even greater importance than it would normally.

The action and reaction as between Western Europe and the United States can spell success or failure for the whole effort to build a common strength. The pessimists are already saying that when the U.S. pares the amount, as Congress is likely to do, Europe will take it as a sign that we are relaxing our effort.

The defense drive on the other side of the Atlantic will, in turn, slacken. Instead of moving upward the trend will be back down in the direction of apathy and a sense of gnawing futility.

Too Early for Pessimism

At the very least it is too early for such pessimism. There undoubtedly will be cuts in the total. Chairman Richards of the House foreign affairs committee has put in a bill to reduce the total by \$700,000,000. Certainly, the sum proposed by the administration is not sacred and a comparatively small cut would not ruin the program one way or the other.

But if it is drastically slashed, the effect will be serious. Similarly, an amendment to put a permanent ceiling on the number of troops to be sent to Europe under General Eisenhower's command will discourage the crusade that Eisenhower is leading to bring back confidence and resolution where defeatism and despair have prevailed.

The chances seem to be good that both Senate and House will approve \$5 billion for military assistance to Western Europe. One reason is the fine presentation of the cross currents of politics both at home and abroad. He made a deep impression on those who heard him outline the need for aid in terms both of greater economy in equipping Europeans to help fight the battle of the west and in the urgent necessity to sustain the momentum achieved by what has been done so far.

Gruenther was far from being a Pollyanna. He was frank in stating that many Europeans still want either to play ostrich and ignore the peril or escape with as much of their worldly goods as possible. As an illustration, Gruenther reported that the only reason he was able to buy a house in which to

Great Game Of Politics

How Bad Must It Smell?

WASHINGTON, Aug. 13.

The cocksure columnists and others who now assert that "Truman Will Run" may be right. However, perhaps they have not given full consideration to what many agree is a basic question, to wit, regardless of policies, how bad does an Administration have to smell before the American people react against it?

Or, put it another way. How deep is their desire to have their government run by upright men? If it is not very deep, then raising this question will get us nowhere. On the other hand, if it is really deep, then the predictions about Mr. Truman for 1952, will prove unfounded. For there is no doubt his administration has begun to smell. The odor first became noticeable about two years ago when exposures were made of the "five percenters" in the White House circle; of the deep freezes and other presents which some presidential intimates had accepted from dubious characters seeking governmental favors.

Then followed entrance into Washington law firms of several of Mr. Truman's close associates with no asset save their White House intimacy, which they have maintained while acquiring rich clients and collecting large fees. These clear cases of cashing in on a presidential relationship seem to many even more flagrantly sordid than the RFC disclosures of the unpretty practice of individuals applying for loans giving milk coats, etc., to wives of influential presidential aides and paying the expenses of others of the "inner circle" at expensive hotels. Climaxing these incidents was the revelation by the St. Louis Post-Dispatch that Chairman William Boyle of the National Committee had been on the payroll of a corporation whose application had been three times rejected by the RFC but was approved after it retained Mr. Boyle.

After more than a week's delay, during which Senator Byrd, demanding an investigation, declared that, if true, the story revealed a shameful and shocking situation, Mr. Boyle, admitting he had received money from the corporation in 1948, made vigorous denial that he had anything to do with getting its loan—or any other loan—from the RFC. He did not, however, explain what were the "legal services" for which he was paid nor why the corporation had chosen him as its lawyer. Public interest was heightened by his personal closeness to Mr. Truman. He is far closer—and more congenial—than General Marshall, Mr. Acheson or any other Cabinet member and sees him alone more often. They spend hours every week talking politics and patronage. Mr. Boyle's denial was applauded by his friends, but many others remained unconvinced.

Add all this up and it is not surprising the Administration should be unhealthily odoriferous. But there is more. Within the past two months Mr. Truman personally has been attacked in an unprecedented manner in two national magazines of large circulation and in a number of newspapers. Not before have such allegations been made in such a effect that the Truman financial record before he became President was extremely slippery and unsavory, that he had dishonestly failed to pay his debts; that he personally peddled stock in a worthless oil company of which he was an official; that he had done many other indefensible things; that his closest friends then—and now—are men of smelly reputation. A mass of alleged proof was offered to sustain these charges. Dates and names were given, court records and documents quoted.

If not true, these articles are clearly libelous. They were not printed by irresponsible persons. One magazine, *Look*, has more than 2,000,000 circulation and is owned by the Cowles brothers, not only highly substantial but highly reputable citizens. The other, *The American Mercury*, is well financed and edited by men of substance. In a recent editorial it asserted that more than a million reprints of its Truman attack had been sold and distributed. What has shocked and amazed a great many people is that such charges could be made against Mr. Truman without something being done about it. The tremendous circulation of these publications plus the fact that they are highly responsible financially make it seem impossible to ignore them. Yet they have been ignored. There has come neither denial nor denunciation from Mr. Truman nor from any friend of Mr. Truman.

Many years ago Theodore Roosevelt sued the editor of a small paper who had falsely asserted that he was a drunkard. Mr. Roosevelt, refusing financial compensation, got a verdict, a retraction, an apology and complete vindication. Apparently no such action is contemplated by Mr. Truman or his friends. Apparently the idea is that the public memory is such that, if ignored, these charges will be forgotten. So not one word is to be said in refutation. But if Mr. Truman runs again they will not be forgotten. The Republicans will see to that. The effort to ignore these charges convinces them of their truth. They will have no fear of libel suits or effective denial. Ammunition has been given they did not have in 1948. No one can doubt it will be used in 1952—if Mr. Truman runs.

(Distributed by McNaught Syndicate, Inc.)

TRUMAN'S AGE AS CANDIDACY FACTOR

If Harry S. Truman does indeed run again, and should be elected again, he would be the oldest man ever to be inaugurated president of the United States. He will be 68½ years old on January 20, 1953. The record up to the present is held by William Henry Harrison, who was just a few days over 68 when inaugurated in 1841. Buchanan in 1857 and Jackson in 1833 (second term) were just under 66.

For that matter, no defeated major-party presidential candidate has ever been as old as 68 on election day. Henry Clay (Whig) was 67 in 1844. Lewis Cass (Democrat) was 66 in 1848, as was Gen. Winfield Scott (Whig) in 1852. The elder Sen. La Follette was 69 in 1924, but he was running on a third party ticket.

It is another story on vice presidents. Alben W. Barkley was 71 at his inauguration in 1949. Charles Curtis was 69 in 1929, as was George Clinton away back in 1809. And Henry Gassaway Davis, defeated Democratic vice presidential candidate in 1904, was no less than 80 at the time. The combined ages of Truman and Barkley at their inaugurations in 1949 was higher than the combined ages of any other president and vice president on inauguration day.

In 1927 some discussion arose of renominating Charles Evans Hughes, the defeated Republican presidential candidate of 1916. But he issued a statement declaring, "I am too old to run for president." He would have been not quite 67 on inauguration day, 1929.

TERMITES ARE TOO SLOW

The ways of the tax laws, and the U.S. Tax Court which interprets them, are sometimes strange and wonderful to behold. Take, for example, the court's views of termites.

Under the International Revenue Code, a taxpayer can take certain deductions for property losses on his income tax return, if the losses are not covered by insurance.

If your house burns down, for instance, and it is not covered by insurance, you have a deductible loss. The same holds if your rowboat or yacht is shipwrecked or your automobile smashed in a crash.

But if termites riddle the beams of your living room floor and you have to spend hundreds of dollars repairing the damage and getting rid of them, that's a different story.

At least, the U.S. Tax Court said so in a recent case. A man bought a house after it had been pronounced free of termites. A year later he found the termites had moved in on him and it cost him \$1,800 to have the damage repaired and the house made termite-proof. But the court said no to his claim for a tax deduction.

The court ruled that a casualty, to be deductible under the law, had to be a "sudden casualty." Termites, of course, take a certain amount of time to get their dirty work done.

It's a good thing, at any rate, that the law courts do not follow the same sort of rules. A murder is still murder whether it is done with a hatchet or with small doses of poison over a long period of time.

USELESS SPECTACLE

Following the death of William (Red) Hill, Jr., the government of Ontario has ordered the provincial police to try to stop other foolhardy persons from attempting to go over Niagara Falls in a barrel. Most persons will hope the efforts meet with success.

The thousands of people who enjoy watching such a spectacle may feel differently about it but, as Premier Frost points out, stunts of this kind add nothing to human knowledge.

Ontario is serious about this matter. It not only plans preventive measures but promises to prosecute anyone shooting the falls—in case he lives to tell the story. That should be sufficient warning to would-be daredevils.

For those who get a "lift" out of engaging in daring death-defying stunts before thousands of spectators, there is little left to do except to sit on a flagpole, drape a rattlesnake around the neck or attempt to cross a busy street.

NEW BASEBALL CZAR

Organized baseball is in the throes of electing a new czar to succeed Happy Chandler, who is leaving the job by request. Several prominent persons are being considered for the post. An assortment of problems will be dumped into the lap of the man selected, including an investigation by a Senate committee into the business of baseball.

Baseball is big business, although it has been slipping of late, and many of its problems date from the time it changed from simply a popular sport into a great amusement enterprise. Financially organized baseball has arrived at the point where it is willing and able to pay a salary of \$75,000 to the man who will administer its general affairs. Several individual players are paid salaries of that figure or even higher, while profits of the top-ranking clubs frequently show good returns on the millions invested.

Baseball has been commercialized to such an extent it has lost its amateur standing, so to speak, and has been little improved as a sport in the process. The better team usually wins, of course, but the club with the most money usually has the better team.

A Soviet paper says it is "the patriotic duty of every Soviet athlete to better national and world sports records" in the 1952 Olympics. In other words, either come in first or keep on running.

The Parent Problem

By Garry C. Myers, Ph. D.

AGE DIFFERENCE MORE IMPORTANT

Did you ever hear a little child say, "When I get big like you and you get little like me?" I have heard it from a few children under two or three. One finds this phenomenon referred to in psychological literature.

It isn't strange that, with his limited experience, the very young child should conceive of such a cycle. There are so many things we adults make him do or don't let him do, that he must often wish we were in our place and we in his. Then, because of our size and skill and wisdom, we can do so many things he cannot do. We can see over fences and tables and counters. We don't have to be squeezed and almost smothered down in dungeons against the legs of people in elevators or in crowds elsewhere.

It would enrich our wisdom and enhance our appreciation of how a little child feels because of his physical shortness and smallness if we got down by the table in the living room with our eyes at the level of where his would be, or if we placed our eyes at table level by the counter of a store or by a garden fence or wall.

No doubt the child's awareness of shortness and other physical limitations when he is two or even three is usually more pronounced than after he is a few years older, especially if he does not have a younger brother or sister. Being so constantly with adults and managed by them, he more clearly senses how much taller and bigger they are. But as this child grows older and competes normally with a number of other children of his own size and age, this feeling of inferiority in stature hardly can be so great as when he was only two.

Older Group Superior

Yet the child of the third or fourth grade may be able to tell you how huge and powerful children of these grades seemed to him to be when he was in the first grade; a third-grader could tell you how grown-up the sixth-graders looked, or what giants high school students were. And one only has to look and listen to observe how superior each older group feels in relation to each younger one.

Certainly a difference in age of a few years at the dawn of adolescence or in the early teens is very meaningful to the children. Consider how the child ten or eleven wishes he were fifteen or sixteen, or how inferior to himself the child fifteen or sixteen considers the child of ten or eleven to be.

Suppose there are two brothers or two sisters, or two pals outside the family, one in each pair about a year older than the other. Suppose they have been pretty close companions for a number of years. When the older one is thirteen or fourteen the younger may be dropped rather suddenly and considered by the elder as several years younger. Over such events there frequently are heartaches in the younger of the pair.

Sudden Changes

Parents often are amazed at such sudden changes, especially when between two children of their own family, and they may grow greatly annoyed or puzzled at the older child. These parents fail to realize that to a boy or girl in the early teens, another boy or girl only a year or so younger may seem several years less grown-up.

Be it added that at any age level brothers and sisters several years apart can't suffice as best pals and playmates. Each needs also to have companionship with others near his own age.

WASHINGTON — President Truman—"Although we are increasing our defense efforts, the danger of atomic attack grows and demands that new and more positive policies be put into effect to obtain added security for our industrial establishment without jeopardizing its productive efficiency."

WASHINGTON—Sen. Smith (R-N.J.)—"We cannot fall down on Europe. If they are going to raise the manpower for Gen. Eisenhower's defense army we will have to go through with our commitment to equip that army."

TOKYO—Admiral Charles M. Cooke, Jr.—"When a cease fire takes place, Red China will have a more powerful military machine than ever before. The immediate use to which this strength will be put is a matter of deep concern to the free world."

LODI, N. J.—Mayor Joseph P. Luna who went to work as a labor gang boss following his indictment for failing to halt big-time gambling—"I'm tired. My dogs are howling. I'm hungry. But I'll sleep good . . . I have no phones to answer, no complaining voters to satisfy."

Folks Of Fame

Rep. John McCormack was born on Dec. 21, 1891, at Boston, Mass. He was admitted to the Massachusetts bar in 1913 and began practicing in his native city. He served in the Massachusetts house of representatives and in the state senate. He was elected to the United States house of representatives from the 70th to the 82nd congresses and is Democratic majority leader.

From Me To You

By MESEKALL

We live in a land of duplication . . . and for the most part we are satisfied . . . that is, with the duplication. We own a motor car, the likes of which there are many . . . we wear shirts and neckties that are made over the same pattern and with the same material . . . our refrigerators are made on an assembly line as the stoves, food mixers and vacuum cleaners. Furniture takes a wee bit different turn, but it, too, is made in large quantity. Houses today are pre-cut and often are grouped in a block that makes 'em all look alike.

But not everyone is happy about the duplication . . . that's why we have the accessory departments in garages, drygoods stores and the variety shops. The ladies dislike attending a party where they meet their dress on another woman. Men haven't this feeling. Some of the younger men resent finding a car just exactly like the one they are driving . . . so the accessory stores carry items that will make a stock model change.

The look-alike houses are changed with paint, shutters, stoops and shrubs. Or, a more extensive remodeling job is undertaken that will add a new hump here or there to change the outline. But we all know that we are better off by having assembly lines for our needs. Production is what the laboring men call it and by such action more men are employed, better wages are enjoyed and this all because more people can afford to buy more items.

The only people who have to be careful of duplication are the dress manufacturers . . . they make many dresses alike, but they consider it good business not to send many similar items to the same community . . . and really it seems to work . . . Very seldom do people with the same dress meet face to face. But there is exception to all rules . . . and Saturday was the exception . . . not all musical organizations are the same. Scores of bands marched in the Legion parade in Pittsburgh but only one was picked as Class A State Champion. The same band that won last year . . . a new record. Yep, you're right . . . the New Castle American Legion Band is the best in the State. A full compliment marched Saturday . . . 34 men and what a beautiful job they did. We're proud of you men . . . and thanks for bringing honor to New Castle.

TEETH AND GRAVES

A grave is a hole in the ground. A cavity is a hole in a tooth. Keep away from both kinds as long as you can.

Dentists say that the teeth should be cleaned after every meal. Cavities should be looked for every day.

Trouble may be prevented by having a cavity treated as soon as possible.

Teeth are valuable and should get good care.

Looking At Life

By ERICH BRANDEIS

I wish I could look into the future, let us say five or ten years ahead.

I would like to know what is going to happen to these three.

I would like to know what money can do to or for people.

Who is there among us who to himself has not said: "If I only had some money! All the things I could do!"

These three have come into money.

What are they going to do with it?

First there is Norman F. Bearths of Cincinnati, to whom Mrs. Louise A. Slimer left more than \$250,000 in stocks "for faithful and unflinching services to me for many years."

She also left him a motorboat and a high-priced automobile.

Mr. Bearths was Mrs. Slimer's chauffeur. He is 62 years old, married and has no children.

"I'm not going to change our way of living one little bit," he told a reporter.

"I wonder."

Stephen B. Church, pioneer artesian well driller, of Oxford, Conn., left more than \$2,000,000.

Approximately \$1,000,000 will be divided between the Town of Oxford for a new Town Hall, Trinity Episcopal Church for a memorial fund, Griffin Hospital.

There are other bequests but this is the one I am wondering about.

PORTRAIT

An artist friend of mine long dead and gone. Painted my portrait, pleasing to but one—Himself, I'm sure—or possibly to two.

The other me; to no one else I knew.

"That isn't you!" devoted friends exclaimed.

"Not you at all, although it's nicely framed."

They fell to arguing, each one to insist.

On what he saw in me the painter missed.

All had opinions different, eyes and nose.

One even said: "Like that you never pose."

"Perhaps," I said, "the gentle artist drew A picture of the man he thought he knew."

Will Revamp Cascade Pool

Bathing pool at Cascade park is to be completely rehabilitated, and it is expected that the modernization of the pool will cost \$50,000.

A motion to completely rehabilitate the pool was offered by Mayor Haven during council today. It passed.

At present filters are being installed in two of the small pools. However, it is not known when the work will be finished.

Until these pools are finished there will be no bathing, and it may not be opened this season.

However, the mayor's motion authorized City Clerk Jack Fritz to advertise for bids for the complete modernization of the pool.

District Governor Is Guest Speaker At Bessemer Rotary

"Nels" Walter, governor of Rotary International District 259, Northwestern Pennsylvania, was a recent speaker at the Bessemer Rotary club meeting.

Governor Walter, who lives in DuBois, Pa., and flies his own plane to many district Rotary meetings, explained in his speech just "What Rotary Means to Me".

Bessemer Rotary President Arthur Seaver introduced several guests and appointed committees to make arrangements for the annual corn roast to be held at Firestone Park in Columbiana, August 23.

Previously, several committees had discussed briefly their duties and objects for the coming week.

Farm Marketings In State Higher Than 1950 Marks

HARRISBURG, Aug. 13.—(INS)—Cash receipts from farm marketings in Pennsylvania have shown advances every month this year over corresponding months in 1950.

The state agriculture department said livestock and livestock products took the lead in the increase which was in line with a general rise in national income.

The advance of approximately 20 per cent was partly offset, however, by climbing costs of farm operation estimated nationally at 12 per cent for the first seven months of 1951.

January-May farm income in Pennsylvania was reported at \$342,825,000 for an advance of \$60,716,000 over the corresponding period in 1950.

Parents Of Four Year Old Cancer Victim Still Maintain Hope

LEBANON, Pa., Aug. 13.—(INS)—The anguished parents of Ralph Theirwechter, Jr., today hope despite the evidence that medical science can save their four-year-old boy from dying of a deep breast cancer.

Physicians at Philadelphia's St. Christopher's and Temple University hospitals have given up hope for the boy who still romps around the yard of his Lebanon home.

Despite limited finances, the father is providing treatment at Temple hospital and he'll take his son there again if possible August 20.

The father, a clerk in a Meyers-town chain store, discovered a month ago that Ralph had trouble breathing. Examinations uncovered the deep cancer near the heart and lungs behind the breast bone.

Funds are being collected by the Pennsylvania Labor News at Harrisburg to help finance the costly treatment for the child.

PRR To Begin Work On \$8,000,000 Iron Ore Pier This Year

PHILADELPHIA, Aug. 13.—(INS)—The Pennsylvania railroad announced today that it will start construction this year on an eight million dollar iron pier in the Philadelphia harbor.

President Walter S. Franklin said the facility, to be one of the largest tidewater ore unloading docks in the country, is slated for completion in 1953.

Franklin explained that the pier will handle shipments of ore from Venezuela, Chile, Liberia and Labrador, where new sources are being developed.

He added that expansion plans provide for doubling the capacity of the huge pier on short notice. The original capacity of the pier's equipment will be 2,400 tons per hour.

Local Couple At Master Farmer's Picnic At Bradford

Mr. and Mrs. Audley Boak, R. D. 4, New Castle, attended the annual Master Farmers picnic on August 11 at the Valley Hunt club, Lewis Run, six miles south of the city of Bradford, Pa. They were guests of E. S. O'Mara, Master Farmer, and Mrs. O'Mara whose dairy farm is located near Bradford.

The Master Farmers were entertained by the Haymakers of Bradford, who put on a program consisting of music, dancing and tricks by a trained horse. After

the program the group was taken on a tour of Sunnybrook, the O'Mara farm. Highlight of the day was the witnessing of the shooting of an oil well.

Since the Pennsylvania Master Farmer movement was started in 1927, more than 160 outstanding Keystone farmers have been selected from among the state's 170,000 farmers. The movement is sponsored by Pennsylvania Farmer magazine.

Court House

Juvenile Home
Trees UnusualPretty Specimens
On Home Grounds

Years ago some one must have gone to some length in selecting the trees for the property on which the Juvenile and Detention Home now stands.

The trees, now grown, add to the appearance of the grounds, although some fine specimens had to be cut down to make way for the building.

There is a copper beech near the Court street end of the grounds which has had a lot of tree surgery but it is still living. Some years ago some one could not resist the yen to sink an axe head into the trunk and the usual decay followed. There is nearly as much cement in the trunk as there is wood but the tree is flourishing.

Nearby is a huge sassafras tree, larger than is usually found in this district. Closer to the home is an old cucumber tree also of larger size than one usually finds. In addition there are some stately elms and maples.

One tree that caused regret when it had to be cut down was a black persimmon, a rare tree in this district. In the fall it was usually full of the cloying sweet fruit. It was on ground which is now covered by the home.

On the court house grounds it seems a pity that years ago more care was not used in selecting trees. There are plenty of elms and maples but few of the scarcer trees. A year ago a cucumber and a dogwood were planted and are growing. But with the wide choice of beautiful trees in this county restricting the trees to elms and maples seems shortsighted.

Among trees found in Lawrence county which would grace the court house lawn are tulip trees, pin oak, laurel oak, ash, gum, quaker asp, hemlock, cucumber, sassafras, Junberry or bass, dogwood, hop hornbeam, beech, black birch, and a host of others.

A tree fancier would have the court house grounds in Harrisburg where there is a large col-

lection of native Pennsylvania trees.

Rainbow Wins
Attendance Cup

New Castle assembly No. 1, Order of the Rainbow for Girls, won the cup for the largest attendance based on the number of miles traveled of the assemblies who attended the Pennsylvania Grand Assembly sessions in Philadelphia, which concluded Saturday.

Two New Castle assembly girls were honored in being named grand representatives to other jurisdictions in the United States, they being Joan Book and Nancy Lumley, officers of the New Castle assembly.

Mrs. Agnes C. Allen of this city is supreme deputy for Pennsylvania, which is rapidly growing, and many new assemblies are expected to be formed during the coming year, which will make it one of the largest in the country.

AUTO HITS POLE

Robert Gibson, R. D. 9, was alleged by police Saturday night to have operated a car which struck a utility company pole in East Washington street, near Butler avenue. He later was arrested in Produce street by Policemen Hillers, Rozzi and Birt on a charge of driving a car while intoxicated.

The Merrimac, first ironclad battleship, was converted into a warship in a stone drydock by the Confederate navy.

THE FAMILY
SCRAPBOOK

By DR. ERNEST G. OSBORNE

Time Off From The Kids

Mrs. Protzmann was proud of what she called her "record." More than once her friends had heard her say, "My oldest is twelve now and I've never been away from the children night or day all that time."

The next-door neighbor had a different idea. "I love my kids as much as the next person," she said. "But I need a little time off now and then. Otherwise, I get a

little crabby. That's not good for me nor the children."

There are a number of ways in which parents can desirably take time off from the kids. When they're small, Dad may be willing to take over on Saturday or Sunday. And nursery school experience for three or four hours a day it a mighty good thing for most children (and, incidentally, for their mothers.)

As children grow up, they can be on their own on occasion to give Mother and Dad a chance for a fling. Sometimes relatives and friends fill in.

Nor should we parents feel guilty about getting away now and then. We'll do a better job when we return and our youngsters will have the chance to be on their own—a definitely desirable experience in growing up.

TRIBUTE TO KNAUF

SPRINGFIELD, Ill., Aug. 13.—(INS)—A tribute will be paid to the memory of Henry J. Knauf today when harness horsemen prepare for the first time the Knauf Memorial 224 trot as one of the top features on the Grand Circuit card at the Illinois state fair. Knauf, who died last year, fathered the Illinois harness racing pari-mutuel bill in the state legislature.

Fred Waring To Play
Benefit In Home Town

TYRONE, Pa., Aug. 13.—(INS)—Fred Waring, who left his Tyrone home to become one of the nation's great musicians, will bring his world renowned orchestra to a September 25 benefit for the Tyrone hospital under construction. The gala affair featuring the "Pennsylvanians" will be staged on Gray Memorial field in Tyrone at 8:30 p. m., according to Col. Benjamin C. Jones, Tyrone publisher and head of the borough's improvement corporation. All revenue will be poured into the hospital's building fund, according to a condition made by Waring.

The Pennsylvanians were formed in Waring's Tyrone home 35 years ago.

ELDERLY MAN HURT

Patrick McCormick, aged 86 years, of Portersville, was treated at the Jameson Memorial hospital Saturday for contusions of the right shoulder and arm. Mr. McCormick was injured when a shotgun he was firing kicked back, bruising the shoulder and arm.

Heaviest airplane to land successfully on an aircraft carrier was a three-engined U. S. navy plane which weighed more than 17 tons empty.

Flood-Stranded
Troops Rescued
By Helicopters

WITH THIRD AIR RESCUE SQUADRON, KOREA, Aug. 13.—(INS)—Ninety-five flood-stranded United Nations frontline troops yesterday were rescued and flown to safety by helicopters of the 3rd Air Rescue Squadron, attached to Far East air forces. The five "windmills" flew a total of 45 sorties to lift the soldiers to safety after a flash flood had

turned their river-bend position into an island which was rapidly being inundated by the rising water.

In fact the rise of the water was so rapid that the helicopters could not land to take off the last 16 soldiers, who had sought refuge in the body and on top of the cab of a truck. They were successfully removed by hoists which were dropped to them while the helicopters skillfully hovered above the truck.

It was the second largest mass evacuation accomplished by helicopter since the beginning of the Korean struggle more than 13 months ago.

Plane Jump Ends In Grief

C.A.P. Pilot Is Rescued From Tree

When Charles Mills, local C.A.P. pilot essayed a parachute jump from a plane at the New Castle airport he failed to reckon on the air current blowing at the time and the wind carried his parachute into a high tree near the airport at Parktown Corners, leaving him dangling 65 feet above the ground. The New Castle fire department was called and the aerial ladder was dispatched to the scene. Firemen Perry McFarland, Robert Atwell and Vincent Yakowicz maned the aerial ladders and rescued Mills from his lofty perch and then brought down his parachute. Mills escaped uninjured from his experience. The feat was intended as a publicity stunt for the C.A.P. and really drew a crowd.

Catholic Auxiliary Activities Planned

New Castle Catholic War Veterans Auxiliary announced their plans for summer outings to be held this month. The annual picnic for the Auxiliary will be held on Tuesday, August 21, at Lakewood Beach. Mrs. Evelyn Williamson is the chairman and Clara Wiseman, co-chairman. Those in need of transportation are to be at St. Vitus church from 6 to 6:30 p.m. that evening.

A corn and wiener roast held jointly with the Catholic War Veterans Post 741, is scheduled for August 23, at Venditto's camp, Highland Heights. Transportation will be provided and those who need it are to be at the St. Vitus church at 6 p.m.

President Jennie Domiano presided at the meeting. Recitation of the rosary opened the session.

Co-chairmen for the September program includes: Mrs. Josephine Simunaci and Mrs. Gloria Scaduto. The white elephant at the meeting was donated by Mrs. Evelyn Williamson and won by Josephine Simunaci.

Additional stamps and old rosaries to send to various missions. Those at the missions repair the rosary and use them in their religious work in many parts of the country.

Hostesses for the evening were: Mrs. Marian DeCarbo, Mrs. Kay DeCarbo, Helen Crudeil and Rita Cherby. An informal social hour followed and refreshments were served.

Assistance Rolls Decline In July

HARRISBURG, Aug. 13.—(INS)—The Department of Public Assistance today reported a decline of 2,551 persons during the last half of July reduced the state's relief load to 275,942 persons. It was the 14th consecutive semi-monthly decline, according to the DPA, sending the rolls to their lowest point since November, 1946.

"The expansion of industry to meet defense needs and the efforts of the department to have every employable person become self-supporting through private employment have resulted in an average monthly decrease of 8,345 recipients during the first seven months of 1951," the department stated.

At the end of July, the DPA announced, the relief make-up was: old age assistance, 82,002; aid to dependent children, 136,801; general assistance, 26,104; aid to disabled, 15,636; and blind pensions, 15,339.

Will Crown Queen At St. Vitus Event

Highlighting the gala street festival sponsored by the St. Vitus Church Holy Name Society, this evening will be the crowning of the festival queen, Miss Helen Roscetti.

Ceremonies will be at 9:30 p.m. The queen will then reign for the three-day street festival, which is starting this evening at 8:30 o'clock. Events and diversions for

both the young and old will be enjoyed.

The queen will be showered with various gifts, including an all-paid trip to New York City. Her lady-in-waiting, Miss Mary Ann Cassella will also be the recipient of gifts.

The festival will continue on Tuesday and Wednesday. Band concerts will be featured Tuesday and Wednesday. The entire festival will conclude with a colorful display of fireworks.

Proceeds will be contributed to the St. Vitus church parochial school fund. William Ross and Edward A. DeCarbo are co-chairmen. They are being assisted by a large group of committees.

Pastor of the church, Rev. Fr. Nicholas DeMita, and assistants, Rev. Fr. Albert M. Inteso, and Rev. Fr. Raymond Heintz are certain that this year's event will prove highly successful with the help of all the parishioners.

Atomic Energy Research Work To Be Started

American Cyanamid Company Will Aid In New Development

The American Cyanamid company announced today the signing of two non-profit contracts with the Atomic Energy commission, one calling for extensive research to find new ways of recovering uranium from various ores and the other for operation of a plant to recover nuclear fuel from used reactor fuel elements.

Dr. R. C. Swain, vice president in charge of the company's research and development, and director of the company's recently organized atomic energy division, set up to coordinate all the company's activities for the Atomic Energy commission, announced signing of the contracts.

Mineral Dressing Laboratory
Under terms of the contract for research on uranium recovery, Cyanamid is operating a mineral dressing laboratory at Watertown, Mass. In addition to conducting research to find new ways to recover uranium, the laboratory will assist existing processing plants in improving their recovery techniques. Some 60 persons are already employed on the project and the company expects the number to rise considerably by the end of the year.

Under terms of the other contract, the company will operate a chemical processing plant at the Atomic Energy commission's reactor testing station near Idaho Falls, Idaho, to recover nuclear fuel from used reactor fuel elements. American Cyanamid opened an office in Idaho Falls July 1st. About 70 per cent of the staff, now being recruited, will be scientists and technicians. A large group of supervisory personnel al-

ready is in training for the project at other Atomic Energy commission locations.

Recovery process and plant design were developed by Oak Ridge National Laboratory of Oak Ridge, Tenn., and architect-engineering contract was awarded to Foster Wheeler corporation of New York City.

F. Allen Hall was named manager of the Idaho Falls plant. He has been associated with American Cyanamid company for a number of years in an executive capacity. He was general manager of the Lake Ontario Ordnance Works at Niagara Falls.

Country Club Golf Tournament Now In Semi-Final Round

Jack Winter and E. L. Stitzinger Jr., over the weekend became semi-finalists in the championship flight of the annual Country club golf tournament.

Winter was a 2 and 1 winner, eliminating Sting McKee on the 17th hole. Stitzinger upset Herman Green one-up, for the right to meet Winter in the semi-finals.

Ed Smith and E. C. Jarrett had reached the semi-finals previously with victories over Frank Summers, and F. S. Sowersby.

This week's Kiwanis club meeting will be a little out of the ordinary. The members will enjoy a stag party at the home of Dean E. Smith, of Highland Heights, or just a little to the north of there. There will be a round table for those not willing to rough it. Kiwanis primary election will take place on August 22, followed by election on September 5. Ballots will be placed in the mails.

Girls Scouts Complete Stay At Lawrence County Camp

Rest period for the Brownie Scout at Camp, brings a half-hour of complete relaxation. Some spend the time talking, some writing, others just resting. Here, cute little Nancy Andrews of the Mt. Jackson Brownie Troop No. 52, reads while resting in her bunk.

One hundred and sixty seven girls of the Lawrence County Girl Scout council took part in the annual camping program at Camp Agawam, which ended last week. Included in this number were 15 girls who received camperships from the Community Chest of New Castle and vicinity.

The first camping period of 10 days was attended by girls 10-years old and up. The second period of seven days, which ended Thursday, included girls 7-14 years of age.

Among the activities that the girls took part in during their stay at the camp were boating, swimming, photography, nature studies, arts and crafts, etc.

All of these programs have been set up to give the girls as broad an experience in camping as possible and to help them to become better citizens of the community. The girls made extraordinary advancements in ratings during the camp period. It is reported by camp supervisors. All advancements made at camp will be applied to the troop records, in accordance with the Girl Scout program.

Typical Day In Camp
A typical day at camp finds the girls getting up at 7:30, breakfast at 8, boating from 9-11:30, lunch at noon, rest period from 1-2, swimming from 2-4:30, staff swimming from 4:30-5, supper at 6, trading post opens at 7, call to colors, 7-15, campfire unit or all-camp, alternating 7:30. During this day's program, part of the girls work at arts and crafts, passing tests of all sorts,

etc., while the others are swimming or boating. The buddy system is used exclusively throughout the day. By this system the girls pair up and work together in all of their programs.

Through this camping program, the girls of the community are able to receive experiences that they may never have the opportunity to have in any other way. The Girl Scout organization in Lawrence county is an agency of the Community Chest of New Castle and vicinity. Funds given to the Chest help operate the organization here and help send deserving girls to camp, that would not otherwise have the opportunity.

I'm At My Best—When Your Home Is ADEQUATELY WIRED!

When Reddy's at full strength he's really efficient . . . but inadequate wiring slows him down and saps his strength, then electric appliances can't operate at top efficiency. Today better lighting, labor-saving appliances, new conveniences and comforts . . . even your entertainment, all come to you through your wiring system. More are being added every day. These additions demand more outlets, more circuits, and heavier wire. When you build or remodel . . . plan on Red Seal Adequate Wiring.

Know The A.B.C's Of ADEQUATE WIRING

- Adequate Service Entrance**—having three wires of large enough size to bring in as much electricity as your home may need at any time.
- Branch Circuits**—having large enough wires to carry electricity at full power from the entrance to all electrical appliances and lights.
- Convenience Outlets**—enough, and at the proper places to permit the convenient use of all your electrical equipment.

May Classify Paper Stock As 'Strategic'

WASHINGTON, Aug. 13—(INS)—Fourteen Western powers agreed today to give top consideration to newsprint as a strategic material but warned that specific allocations may not be made for three weeks.

The 14-nation pulp-paper committee of the International Materials conference explained that the delay was due to the close relationship of newsprint and sulphur, an ore highly essential to the manufacture of pulp and other strategic materials.

A special sulphur committee granted an emergency 4,800-ton allotment to non-member nations of the IMC in July. But now it says that the special needs of countries not specifically covered by that allocation must be drawn from the same quota.

More Available

The pulp-paper committee, meanwhile, found that more kraft pulp will be available for the rest of this year because of the recent establishment of ceiling prices in the U. S.

The committee announced that it has set up a statistical pulp sub-committee to compile data on available supplies. It explained that this was done to avoid any delay in working out the kraft and dissolving pulp problems once that of the newsprint shortage is solved.

The 14 member countries are Australia, Austria, Belgium, Brazil, Canada, France, the Federal Republic of Germany, Italy, Japan, the Netherlands, Norway, Sweden, The United Kingdom and the U. S.

Resident's Sister Dies In Struthers, O.

Mrs. Edward Dout of Bell avenue, this city, has received word of the death of her sister, Mrs. Edna Cluse Booher, aged 59, of Como street, Struthers, O. Mrs. Booher died at her home Saturday morning, August 11, at 8 o'clock following a lingering illness.

She is survived by her husband, Reed Booher, formerly of New Castle, one daughter, Mrs. Frank Cook of Struthers, three sons, Harold, Bruce and Reed, all of Struthers; her sister, Mrs. Doud, a brother, Cyrus Cluse of Struthers, and ten grandchildren.

She was a member of the Methodist church of Struthers, where before her illness, she was an active member of the Woman's Society of Christian Service and the church choir. Her entire life was spent in Struthers.

Funeral services will be held Tuesday afternoon at 2 o'clock from the Methodist Church in Struthers.

Manufacturers Must File 4-B By August 16

Manufacturers in the metal trades must file their CMP forms 4-B by midnight August 15, according to a notice received today by the Greater New Castle association.

The notice follows: All manufacturers in the metal trades, including makers of consumer durable goods, without exception, are now under the controlled materials plan.

Total supplies of steel, copper, and aluminum will be distributed to all manufacturers—defense supporting and civilian—by direct allotment by the National Production Authority, without exception. Many manufacturers as of today have not filed their fourth quarter applications for allotments on CMP form 4-B.

The cut-off date for filing has been established at midnight Aug-

ust 15. Applications postmarked later than August 15 will not be processed, and manufacturers who have not filed by this date will almost certainly face serious difficulties in continuing production.

Application forms CMP 4-B are available at the Pittsburgh field office of the National Production Authority—room 1010 Clark building, 717 Liberty avenue, Pittsburgh, Pa. Telephone GRant 1-5370.

Aviation Devices Get 'Shake' Test

MINNEAPOLIS — (INS) — A "room that jumps" is the most unusual of a series of grueling test chambers set-up here to test precision aviation controls.

To duplicate the shaking up electronic control devices are subjected to during in-flight conditions, finicky Minneapolis-Honeywell engineers have designed a unique vibration chamber. Insulated by thick layers of

cork, which separate the walls, ceilings and floors of this room from the surrounding area, the soundproof room is equipped with special high-frequency vibration machines. These machines are capable of shaking the various controls at frequencies as high as 700 vibrations per second.

The engineers point out that a

watch worn near the vibration chambers can be damaged in seconds. But, equally sensitive controls must stand up under the "shakes" for long periods.

Ellport Man Dies In Crash

En Route To Altoona To Visit Sister

An Ellport resident and a Harrisburg minister died in a two-car crash on Route 422 six miles east of Kittanning on Sunday at 8:30 a. m.

The dead in the crash are: Marcus Gearhart of R. D. 1, Ellwood City (Ellport) and Rev. W. A. Jones, of Harrisburg.

Injured were Mrs. Lena Gearhart of R. D. 1, Ellwood City, wife of Mr. Gearhart and their son, Harry, who are both confined to the Armstrong County hospital. Mrs. Gearhart is in a critical condition, while Harry suffered a skull fracture.

Juddie Brown and David King, both passengers of the Jones car, are in the same hospital with serious injuries.

According to reports, Mr. Gearhart and family were enroute to Altoona when the accident occurred. The Jones car was enroute to New Wilmington to church services. The latter car skidded on the wet pavement into the Gearhart vehicle resulting in the fatal accident.

The body of Mr. Gearhart has been removed to the Contrucci-McElwain funeral home in Ellwood City where it is being prepared for burial.

Mr. Gearhart, aged 63, was a son of Daniel Miles and Sara Catherine Young Gearhart. He was employed by the American Steel Company of Ellwood City.

Another son, Bill of the U. S. Navy survives in addition to his wife and son who were injured. Three brothers, Frank and Saul of DuBois, Joseph of Canfield, survive, as does a sister, Mrs. Elizabeth Kozek of Altoona.

Funeral arrangements will be announced on Tuesday.

FABRIC NOTES FOR FALL CLOTHES

Crisp, ribby weaves and bulky fabrics are in the fashion spotlight for fall. Taffeta, ottoman, bengaline and faille will be used in suits and dresses.

Ribbs and reps will be found in silk, rayon, blends of silk and linen, linen-like rayons, shantung or clubbed-type rayons. Most popular wools will be gabardine, flannel, twill and jersey.

There will be many blends of rayon and cotton, rayon and wool, wool or rayon with nylon and other synthetic fibers like orlon, dynel, dacron and vicara.

The wool and worsted influence is strong in fall rayons. Spun rayon will be used to simulate the hand and feel of wool. Spun rayons, dyed in popular woolen colors, will be washable. There will be spun rayons resembling challis and washable plaids with red backgrounds for school wear and dark ones for business. Tweedy effects in prints will also be seen.

Cottons in dark colors are being promoted for winter wear. They will appear as cotton flannels, cotton metal prints and cottons with a satiny finish like pongee, poplin and broadcloth. Cotton velvet and velveteen will be popular. Corduroy will be new in prints, tweedy effects, checks and plaids. A crush-resistant cotton suede with a rich lofty appearance and feel will be used for separates and suits. Treated for water-repellency, it is ideal for rainwear and toppers.

Satin is appearing for special occasions, alone or in combination with other fabrics for garments and accessories.

CHILD NEEDS ART FOR SELF-EXPRESSION

For rainy days and quiet hours of play during warm weather, encourage your child's self-expression through one of the art media. Easel and finger painting, crayola or chalk drawing and coloring, or clay modeling are possible outlets for his self-expression.

Provide your child with one of these art forms and a plain surface, such as paper or oilcloth to work on. There should be no lines, boundaries or patterns to restrict his free and full expression. Color books, patterns, insistence a imitations or reality, and adult criticism thwart the child in his growth of self-expression.

Self-confidence and inner security are fostered when the child has materials and opportunity for self-expression, guided by his own creative urge. His expression will change as he has different experiences and as he grows older. Every child has the urge to creative expression. If this is not in-

terfered with, it will grow through the scribbling stage to products more pleasing to the observer. Adults should base their evaluation of a child's artistic expression on the effect such creative activity has upon the child, not on the final outcome.

Creative activity, often used as an emotional outlet, results in the child gaining freedom and flexibility as tensions are released.

Parked Car Hides View Of Stop Sign

Autos operated by Miss Cora B. Andrews, Leasure avenue, and G. E. MacMillan Hazlercroft avenue, collided at North Mercer and Garfield avenue at 1:45 p. m., Saturday. Mrs. Louis Gordon, also Leasure avenue, was an occupant of the Andrews auto. Both received attention from a local physician.

According to a report to city police, Miss Andrews' view of a Stop sign at the intersection while she was driving in Garfield avenue, was blocked by a car, parked at the sign. MacMillan was driving north on North Mercer street.

Record Session Of Legislature

Senate Has Refused To Go Along With Governor On Issues

HARRISBURG, Aug. 13.—(INS)—Although brickbats have been hurled at the 1951 session of the legislature for meeting longer than any other since Revolutionary war days, some lawmakers point out it will go down in history as one that refused to rubber stamp key administration measures. In the House, governor Fine has had full support of leaders on all but few administration-sponsored bills. The Senate is a different story. When the income tax bill came into the Senate, 11 GOP senators, including several who backed Fine's candidacy for governor, stood pat in opposition to the levy. Others refused to go along on fair employment practices legislation and the Senate Judiciary General committee, which defeated one motion to report FEPC to the floor, has decided to reconsider its action only at the repeated urging of Fine.

The State Highways department is getting the jump on winter by stock-piling cinders for use on slippery highways throughout the State when icy weather closes in. Chief maintenance engineer

N. A. Staples said the conversion of many heavy industries to diesel oil and gas has cut down the department's source of cinders which still remain one of the best abrasives on slippery roads. Throughout the year the department never turns down a chance to latch on to a pile of cinders since the stock was nearly exhausted last year and expensive substitute material had to be purchased.

Governor Fine has cut down sharply the practice of his predecessor, U. S. Senator Duff, of issuing statements and proclamations at the drop of a press agent's hat. Duff's publicity men were easy marks for promoters and almost daily, at least during the latter part of his regime, some kind of "day" or "week" was extolled in the same manner as advertising from special interests. Many were legitimate but some went to extremes. Fine's office admits that the present chief executive has reduced this practice although a comparison with Duff's output is impossible because when the Senator moved, his records went along to Washington.

Morris E. Swartz, supervisor of the Capitol Hill newsroom and editor of a Capitol News clip sheet, ran into some trouble recently trying to write a headline in Pennsylvania Dutch. Swartz thought the idea was novel, but not being a student of the quaint dialect, he sought advice. The headline was to top a story telling of the annual Pennsylvania Dutch days at Hershey when contributions of these people to the Commonwealth's culture are depicted in dramatic form. Before he was through, Swartz consulted a variety of "experts", including two elevator operators, a janitor, one or two state officials from the Dutch country and a writer who produced several books on the Pennsylvania Dutch. The problem was correct spelling and grammar which has never been fixed and which varies in different sections of the Dutch country. Finally, after several days consultation, Swartz settled for the consensus of the people polled and that's how it appeared. He's waiting for reverberations.

St. Vitus Sodality Planning Events

At the recent meeting of the Our Lady Sodality of St. Vitus church, future plans were discussed with prefect Ann Turco in charge. Sister Henrietta led with the opening prayer and Mother Beloved was sung as the opening hymn. Helen Roscetti was the leader.

Plans were made to show a movie in September in the church hall. A farewell was tendered to Sister M. Henrietta who is leaving the parish.

An amusing skit "Fire Insurance" was presented later by the social committee with Jean Esposito and Bernice Dellaverson taking part.

Publicity committee, Sue Sands told the story about Our Lady of Snows. Eucharistic committee, Rita Cherby held a short quiz on different saints. Apostolic committee Eva Malley gave a list of ways as to how to examine your conscience before retiring. Our Lady's committee, Lucille Morgan spoke briefly on the Immaculate Heart of Mary.

Catholic Truth chairman, Rita Mae Prioletti spoke on the Franciscan Rosary and Loretta Donati gave a talk on the Visitation.

The monthly meditation was given by Rita Mae Prioletti. Prefect Ann Turco urged the Sodality to participate in the street festival.

During the evening the Sodality paper was distributed by Margie and Marie Marcella.

Sister Henrietta gave the closing prayer and led in the singing "For Christ the King."

Exports from Britain's dependent territories during 1950 were six times larger in value than during three years before World War II.

Today's Fashion Flash

By PHYLLIS BATTLE

NEW YORK, Aug. 13.—(INS)—There's more to a sweater than knit and fit!

Designers say that styling and trimmery will play important roles in sweater swank for autumn, 1951.

The clinging cover-ups will be styled for wear with morning suits, with afternoon and evening skirts and with hostess slacks. They'll

be fashioned in a different mood for each occasion.

For daytime, the sporty sweaters will be bibbone length, classic and conservative.

For afternoon and evening, they'll be knit of delicate wools and cashmeres, styles with low round or square décolletages and featuring cap or cape or puff sleeves. Such sweater styles will be good fashion in combination with nets, satins and silks.

And for hostess costumes, the best sweaters are long sleeved and waist-length—and heavily beaded or embroidered as a woman's wardrobe budget will allow.

Bossert Employees Receive Treatment

Two employees of the Bossert company were treated this morning at 3 o'clock at the New Castle hospital for injuries to the eye, suffered while at work.

Edward Wilson, 30, of 221½ Diamond Way, was discharged after a foreign body was removed from his right eye.

Louis Pascarella, 44, of Fourteenth street, West Pittsburg, was also discharged after a small piece of grinding stone was removed from his eye.

New Social Security Law Makes Farm Jobs More Attractive Now

Jobs on farms are more attractive now that wages from regular farm employment begin to count toward old-age and survivors insurance, protection through the recent extension of the social security law, according to Myron Milbourn, manager of the New Castle social security office. Local farm helpers feel more satisfied to stay forward to the same insurance protection as do workers in other fields—protection against loss of income if retired after age 65 and loss of family income if a worker dies at any age. The amount of this insurance protection for a family ranges from \$20 to \$150 a month, depending on the worker's earnings and the number of dependents in his family.

The local manager pointed out that farm worker coverage under the social security law is compulsory for those regularly employed by one employer. He stated that at the close of each calendar 3-

month period, farm operators must report the wages of workers meeting the employment test for regularity. Generally speaking, a regularly employed farm worker is one who has worked for one employer a full calendar quarter and continues working for the same farmer at least 60 days in succeeding calendar quarters. Farm workers not meeting this test do not have their wages reported for social security purposes. Farm operators obtain report forms by registering with the local collector of internal revenue. After initial registration the report forms are sent continually to the farmer at the close of each calendar 3-month period.

Regular farm workers as well as all others in the social security program may check to see if wages are reported correctly by their employers through use of a simple "wage statement request" card available at any social security office. If reported wages are found to be incorrect, the necessary action for correcting the account will be taken. Wage postings in a social security account is the basis of future payments.

Mr. Milbourn cautioned farm workers to have their social security account number card on hand so the employer can copy the name and number on his wage book exactly as shown on the card. "The account number is the 'key' to future benefits," he stated, "and the same account number should be used by a worker throughout his lifetime."

A regular farm worker who does not already have his social security account number card, or who has lost his card, may get it by applying on an account number application form on hand at any post office. The completed application form should be mailed to the Social Security Administration, 500 Frew building in New Castle. Farm owners and employees interested in learning more about the social security program can secure a free booklet explaining federal old-age and survivors insurance.

Seventy From Branch Y Now At Camp Rentz

Seventy boys from the Shenandoah street YMCA opened the sixth and final week of YMCA camping Sunday.

Camping weeks total approximately 500 this year, breaking the 30-year attendance record. Campers weeks are based on the total number of boys in camp each week.

The New Castle football team and 4-H club boys will occupy the Rentz site following the regular YMCA camping season.

This week's camp is under the supervision of Edward Allen, secretary of the branch Y, and Raymond McHenry, who has been appointed assistant director.

Dave Gatrall has been retained in camp to take charge of supplies and management.

Chairman Richard Rentz of the camp committee is very happy about the service which the YMCA has been able to render the community through the facilities of Camp Rentz. Through the YMCA the camp is a Red Feather agency.

Stoneboro Camp Opens On Tuesday

Annual camp meeting of the Wesleyan Methodist church will officially open for the 1951 season on Tuesday, Aug. 14, and continue through Thursday, Aug. 23, it is announced by local Wesleyan Methodist leaders.

Seventh Ward Ward Churches List Activity

Methodists To Have Picnic On Friday

Activity at the churches of the seventh ward is more or less curtailed this week, due to the members of the churches in many instances bring out of town on vacation.

Services on Sunday at the Mahoning Methodist and Madison Avenue Christian church, were well attended it is learned through the respective pastors. Due to the vacation period of Dr. Louis Worley of the Mahoningtown Presbyterian church, the Presbyterians worshipped again with the Methodist group on Sunday. Rev. Shindler-decker preached the sermon.

Sunday evening the Methodist and Presbyterian congregations united at Epworth Methodist church to hear Dr. Will W. Orr, president of Westminster College, Rev. Shindler-decker was the leader for the service and Lawrence Godwin was the guest soloist.

Week's activity at the Methodist church includes a meeting of the Women's Society of Christian Service at the home of Mrs. Q. E. Day of the Harbor road. A picnic supper event is planned for the occasion.

Members of the Mahoning Methodist church and Sunday school are all set for their annual picnic and outing to be conducted Friday, August 17, at East Palestine park. Transportation is to be provided for those not having means of getting to the park. An excellent program is being arranged in which every member, young or old, may participate.

The three ward churches are looking ahead to the fall season when accelerated activity will take place upon the resumption of school and the return of members from vacation periods. Evange-

listic endeavors are being planned when visiting speakers will be heard at various times.

Little Leaguers Win Two Games

Seventh Ward Little League ball team emerged victorious over the past week end with two wins under their belts, it is announced. They beat the fourth ward team in the first game 3 to 1 behind the three hit pitching of R. Mangione.

In the second contest, the Seventh Ward team came to the forefront to whip the second ward team 9 to 2. The five hit pitching of A. DeLuca won this game.

The seventh ward boys will play a very important game with the first ward team this evening at Little League park on Taylor street. A good crowd is expected for the contest.

Mahoning Library Gets Subscription

Announcement has been made by Lt. William E. Weitz, 102 West Madison avenue, advisor of Explorer Troop Post No. 4, that in addition to the subscription of Boys Life to the Mahoningtown branch of the Free Public Library, the same group has made a subscription of the magazine to the Mahoning school library.

The subscriptions indicate two good deeds done by the young men for the year. The magazines will be appreciated by visitors to the two libraries.

Muddy Water Riles Housewives Today

Several cases of muddy water in the home water taps were reported this morning from the Brookline-Mulberry streets area on the East Side. Because of the dead ends on many of the lines, a reversal of flow of water in the pipes may have caused the slight disturbance. However, the condition was slight and only lasted a couple of hours.

The New Castle Water com-

pany handles 155 miles of pipeline serving roughly 60,000 people in New Castle and vicinity.

WOODCHUCKS GASED

EXETER, N. H.—It's got so a wood chuck isn't safe even in its own hole. Rockland county farmers dropped almost 4000 gas bombs into woodchuck holes within a few weeks and planned to step up their war against the pests some more as they sent for a new supply of bombs.

FLACK-STOLITCA EXCHANGE OF VOWS

Miss Catherine Flack became the bride of Michael Stolitca at a lovely nuptial mass on August 5 in St. Nicholas church. Rev. Fr. Stephen J. Kolen officiated at the double ring rites at an altar embellished with white gladioli, palms and ferns. Mrs. George Klenotic sang the response to the mass.

Miss Flack is the daughter of Mr. and Mrs. Michael Flack, 613 Johns street. Mr. Stolitca is the son of Mr. and Mrs. Lewis Stolitca, R. D. 6.

The beautiful bride was given in marriage by her father, Miss Katherine Stolitca was Miss Flack's maid of honor and Mrs. John Midzie of Ambridge was the bride's matron of honor.

John Blakemore Wagner served as best man and Paul Zentz of Sharon was usher.

Miss Flack wore a regal gown of Chantilly lace with a pearl trimmed bertha collar. The long lace train was featured with an underskirt of tulle trimmed with a tulle ruffled bottom. Her fingertip veil of imported illusion was caught to a lace bonnet by a cluster of lilies-of-the-valley. She carried her first Communion Prayer book, overlaid with white roses and Fleur d'Amour tied to streamers.

Miss Stolitca wore a deep-V necked gown of pink slipper satin. The gown was exquisitely trimmed with a scalloped off the shoulder lace bertha collar and a lace and satin peplum. She carried a cascade bouquet of pink roses and Fleur d'Amour. Mrs. Midzie wore a matching gown of blue slipper satin and carried a bouquet of yellow roses and Fleur d'Amour.

Mrs. Catherine Flack Stolitca was graduated from New Castle senior high school and is employed by the Neisner Bros. Inc. Mr. Stolitca was graduated from Shenango high school and attended Youngstown college. He is a Pennsylvania State Patrolman stationed at the Greensburg barracks.

Mr. and Mrs. Stolitca took a wedding trip to Toronto, Canada, by automobile. They are now "at home" in their new home in Jeannette, Pa.

KATHERINE P. RAIDY WEDS JAMES E. FALK

Miss Katherine Popp Raidy, daughter of Mr. and Mrs. Paul J. Raidy, of Wallace avenue, was united in marriage to James Edward Falk, son of Mr. and Mrs. Harry W. Falk, of Clayton street, Saturday morning at 10 o'clock in St. Mary's church. Rev. Fr. F. M. McCarther performed the rites.

Miss Ann Higgins served as the bride's only attendant. Leo Schorber was the best man and the ushers were William Shaw and Harold Farris.

The bride chose a suit of silver gray moire taffeta. An aqua hat with grey veil was a pretty accent and she carried a prayer book adorned with gladioli and white roses.

Following the ceremony, breakfast was served at a New Wilmington dining room for the bridal party. A reception was held in the afternoon at The Castleton for friends of the young couple.

Before the wedding, Miss Raidy was feted at a number of pre-nuptial parties, a rehearsal supper at the home of her aunt, Miss Regina Popp of Miller avenue, climaxing the events.

A luncheon-bridge was given on Saturday, August 4, by Mrs. John R. Butz of the Sussex apartments. Tuesday evening the bride's cousin, Miss Rita May Popp, of Sumner avenue, entertained at a dessert-bridge.

On Wednesday, August 8, a luncheon-bridge was held at the New Castle Country club, with Miss Anne Cooper of Hillcrest avenue and Miss Marilyn Calvin of Fairhill drive as the hostesses.

On Wednesday evening a dinner party was enjoyed by members of the office force where the bride was employed.

Overseas Wives Club

Members of the Overseas Wives club enjoyed a picnic at Capt. Perry Sunday afternoon and evening. Time passed quickly with games and the customary out-door refreshments. Special guests were Mrs. Bardynuk and children, of Canada, who are house guests of her sister Mrs. Edna Snyder, Falls street.

Games were won by Mrs. Bordynuk, Harry Snyder, Mrs. Merle Pelesz, Louis Bianchi, Mrs. Louise McEwen, and contests ended with a penny scramble for the children. The next meeting will be an event of August 23, at the Y. W. C. A. when Mrs. Michael Cochran will preside.

Seven Bees Club

Members of the Seven Bees club met at the home of Mrs. James Campbell, Pearl street, on Friday evening.

Canasta was the pastime of the evening with high score awards going to Mrs. Ann Mumford and Miss Lena Delliquadri.

Later in the evening a delicious lunch was served by the hostess assisted by Mrs. Helen Call.

Next meeting will be held at the home of Mrs. Clara Pesa, McClaire avenue, August 24.

Party For George Hess

George Hess of Pennsylvania avenue was honored Saturday evening when Mrs. William Lyons of Erie entertained at a birthday party in his home, there being 25 guests present.

Dancing and games were diversions with tokens being awarded Mrs. George Thompson and Horace Lyons. A refreshing lunch was served with Mrs. Peter Hess as an aid.

Mrs. Kenneth Goodwin of Cleveland, O., was a special guest.

BOOHER-TURNER MARRIAGE NEWS

Announcement is made of the marriage of Miss Helen Sandra Booher, R. D. 1, Princeton road, to Robert H. Turner, son of Mr. and Mrs. Howard E. Turner, 931 Marshall avenue.

The double ring ceremony was performed July 28 at 3:30 p. m. at the bride's home, with Rev. Theodore Harsh officiating. Vows were exchanged under an archway decorated with huckleberry vine and white gladioli.

The bride wore a white street length dress and carried a bouquet of white gladioli. Her sister, Mrs. Harold Hutchinson, was matron of honor and she wore a pink street length dress and had a bouquet of pink gladioli. George Tervo was best man for the groom. The bride was given in marriage by her father, Frank R. Booher.

Miss Peggy Ezzo was soloist and her numbers were "O Promise Me" and "I Love You Truly" and "The Lord's Prayer".

A reception following the ceremony, with about 50 guests in attendance.

Following a wedding trip to Canada, Mr. and Mrs. Turner will reside at 931 Marshall avenue.

The bride is a graduate of the New Castle high school and is employed as an operator at the Bell Telephone company. Her husband attended Shenango high school and is employed as a meter reader for the Manufacturers Light & Heat company.

BEVERLY RIGGANS PARTY HONOREE

Miss Beverly Ann Riggans was honored Saturday afternoon at a birthday party celebrating her seventh birthday. She is the daughter of Mr. and Mrs. Malvin Riggans, 1116 Croton avenue.

Seventeen children gathered on the gaily decorated lawn of the Riggans home. Colors of yellow and white predominated. Games of various types were wholeheartedly enjoyed by the youthful celebrants.

Delicious refreshments were served by Mrs. Riggans, Beverly's grandmother Mrs. Sam Wellman, and a neighbor of the Riggans, Mrs. Olive Wales.

Special guests from out-of-town were Mrs. Riggans' sister and brother-in-law, Mr. and Mrs. Frank Velache, and their son Denny from Hammond, Ind.

HAMBURG FRY FETES

Mrs. Hazel Colnot was feted at a Hamburg Fry Wednesday evening at Cascade park by the New Castle Store bowling team.

Mrs. Colnot and her husband are leaving on a trip to San Diego, Calif., to visit their son and his family.

The evening was spent in games of various types. Mrs. Colnot received a lovely gift from the group.

Indians Sign York And Harig; Win Two Over Weekend

Walt Kowalski Stars At Bat, Hits Three Homers Sunday; About 2000 See Fireworks

There were fireworks galore at Flaherty Field, a scheduled show Saturday night drew around 2,000 fans, and an unscheduled show by Walt Kowalski Sunday drew around 500 fans.

The New Castle Indians over the weekend, defeated the Butler Pirates Saturday night 13-12, and split a twin-bill Sunday, winning the first one 14-8, and dropping the night-cap 8-7.

Kowalski's Terrific Show
Kowalski, the leading hitter in the Middle-Atlantic league staged a terrific hitting show, Saturday he hit his 15th homer, getting two for five trips, and Sunday had six for nine, as he ran his consecutive hitting streak to 19 games, and blasted three more homers to raise his round-tripper mark to 18 for the year.

New Castle's young rookie catcher, Bernie Sakanich, was a ball of fire yesterday at the plate in the first game, getting four hits in five trips and batting in six runs, and in the night-cap had two for four, driving in a run, making him six hits in nine trips, raising his batting average quite a few points. Sakanich is a very much improved young receiver for a 19-year old.

But, Lockport winning two and losing one over the weekend, kept the Indians tied for third place. Niagara Falls was idle.

York And Harig Will Help Indians

President Al Scarazzo of the New Castle Indians has all smiles today, as he announced the signing of Rudy York and Charley Harig to New Castle contracts for the remainder of the season. York, former manager at Oil City has hit 33 homers, and Harig has hit 11. York is batting .314 and Harig is hitting .350. York has driven in 94 runs and Harig 60.

York, former Detroit Tigers and Boston Red Sox star and Harig were expected to join the Indians at Flaherty field.

Plenty of Home Runs
There were exactly 11 home runs blasted out of Flaherty Field confines over the weekend. Kowalski had four of them, and the Butler Pirates had seven.

Bill Ciske was the winning hurler Saturday night, making his record 10-8, Rossman won yesterday in the first game, making him 8-10 for the year, and the loser was Paul Klaffer giving him 10-6 for the season.

Errors Hurt Indians

The Indians muffed an excellent opportunity to take third place in the league in the second game Sunday, making five errors, two in the first inning that gave Butler two runs.

The Indians had a 12-2 lead Saturday night and had to battle

Game Tonight
Universal at Bessemer, 8 p.m.
Game Tuesday
Elliotts at Wampum, 6:15 p.m.

Wampum set down Elliotts for the second time in the playoffs, 5 to 2, yesterday before 1,000 fans, and at 8 o'clock tonight Universal will travel to Bessemer in an effort to do likewise to the Cementers.

Manager Nick Genock reported today he intends to stand pat on his lineup for the Nationals' second game with Bessemer. At noon he stated his pitching choice was Sny.

Jim Martin, pitcher of Bessemer, said he was not decided and would assign duty on the hill after he saw his hurlers work in the bullpen.

Star Scoring
In the Wampum-Elliotts game Sunday afternoon McCready singled in the first and scored on Joe Mills' double. Moore fanned Elliotts out in the second inning.

Brown got to first in the third on a fielder's choice, went to second on a wild pitch and scored on Joe Mills' hit to left field.

Semansky's Hit Scores
Bucheone relieved Frank for Elliotts in the fourth. Frank had allowed six hits in the three frames. In the fourth Badger and Vance singled for Wampum, advanced on a wild pitch, and both scored when Semansky hit through the box.

Mills was hit with a pitched ball and went to first in the fifth, and scored on Vance's double.

Elliotts came to life in the seventh when Frank walked Hutnik. He scored on Bucheone's fly. Bucheone scored on Barbatto's triple to left.

Elliotts scored again in the eighth when DeFelice doubled and scored on Razzano's single to left center.

Allows Two Hits
McCready relieved Moore for Wampum in the eighth and gave two hits in the two innings he hurled.

A recap shows Moore issued three walks, Frank two, Bucheone two and McCready none. Bucheone fanned seven, Frank one, Moore one and McCready none.

Brown, Palagallo and Powell hit doubles. Mills, Vance and Semansky got two hits each. Bucheone held Wampum to one run and two hits in the six innings he twirled. Moore was relieved in the eighth when he tired.

Palagallo and Brown staged some fast fielding plays.

Elliotts play at wampum in the third game of the playoff of five Tuesday at 6:15 p.m.

Cleveland Indians Lead The Yanks By Full Game And Half Today

By HOWARD WIGMUND

NEW YORK, Aug. 13.—The Indians beat out a happy tom-tom solo atop the American League today and the Yankees held their heads against anything solid they could find.

Performance and time were the factors which gave the Indians a one-and-one-half game edge in the standings over the world champions. The Indians, with Mike Garcia hurling another superb game, moved down the Chicago White Sox, 7 to 1, yesterday for their tenth straight.

And the Yanks—well, they got hit by a Mack truck and a Pennsylvania law—as they blew a doubleheader to the Philadelphia Athletics, 9 to 5 and 7 to 4.

Red Sox Win Two

A dismal home stand ended on a happy note for the Boston Red Sox. The Sox swept a pair-toe from the Washington Senators by 6-to-2 scores.

Hoot Evers singled with the bases loaded to break a 1-1 tie in the ninth inning and enable the Detroit Tigers to defeat the St. Louis Browns, 2 to 1.

The runaway Brooks slammed the Boston Braves, 7 to 2.

The Giants swept the Philadelphia Phillies, 3 to 2 and 2 to 1 to strengthen their grip on second place.

Paul Minter Wins

Dickson, who toils for the last place Bucs, achieved his 16th win at the expense of the Chicago Cubs. He blanked the Little Brains 1 to 0 on a four-hitter in the front end of a twin bill.

The Cubs came back to take the second contest, 6 to 0, behind Lefty Paul Minter.

The St. Louis Cardinals edged past the Cincinnati Reds, 4 to 3.

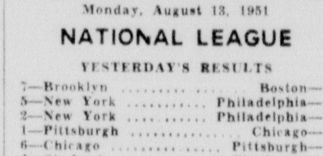

Musical Depreciation

Night For Dodgers

NEW YORK, Aug. 13.—(INS)—The pennant-bound Brooklyn Dodgers are observing music depreciation night tonight.

Any fan bringing a musical instrument to the game with the Boston Braves will be admitted free at Ebbets Field's gate "M".

Bazookas and harmonicas are out and President Walter O'Malley has assured that two admissions will be granted for a piano.

Baker-Agramonte Battle Tonight

PITTSBURGH, Aug. 13.—(INS)—Heavyweights, Bob Baker and Omelio Agramonte meet in a ten-round match at the nearby Heidelberg Arena tonight to see whether Baker's TKO victory over the Cuban last month was a fluke.

Baker seemed to be losing on points until he opened a cut over Agramonte's eye in the seventh round of their earlier fight.

Two fairs and a pair of six-rounders complete the card.

HERE and THERE IN SPORTS LAND

AUGUST MEETING OF THE Ellwood City Rod and Gun club has been postponed until September 10, according to Secretary Harold McKim.

Dick Roberts and Arnold Young, the latter of Ellwood City, have returned from a fishing trip to Pigeon River and Deer Bay. While at Pigeon River, they caught nine muskies, two of which they kept.

They had nice catches of bass in both bodies of water. Reports from some fishermen say rain has fallen often in Canada. Roberts says nice weather prevailed while Young and he were there.

Dutch Crum, former local baseball player, now of Martins Ferry, has concluded a visit with Harry Steiner. It was his second visit here in many years. Crum played third base when Steiner "ran" the New Castle Athletics. He later played the outfield for Kansas City in the Western League, and also played with the St. Louis Americans.

Tippy Rosenberg who, for a time, was ailing, is now in circulation. To provide food for bass in a pond near their Mt. Jewett camp, Lou Perretta, Joe Felice, Pete Russo and others caught a batch of minnows and put them in the pond while they were at their camp, readying it for deer season.

Joe Frigione who has been umpiring for some time, recalled to Here & There, the night in Youngstown, Paris Cangey knocked out the highly favored Johnny Kung in a couple of rounds. He spoke a mouthful when he said Cangey was one of the best punchers of his day in the lightweight class.

REV. FRANKIE RITZ, former middleweight boxer, preaching at Sandy Lake through August 26. Rev. Thomas Martin is the Sandy Lake church pastor.

Jimmy De Lawrence took time several nights ago to circulate. . . . Tenny Lombardo, local golfer, hopes to annex the local golf title this year. . . . Hart was given the title when Jeffries retired. Burns beat him and Johnson defeated Burns then when Jeffries came out of retirement, vanquished Jeffries. . . . Davis, who is in his three score 10 years, says the real Oscar Gardner was one of the best fighters who trod a ring. Tommy Ryan, who claimed the middleweight title, was another. . . . Bessemer and Universal clash in a second playoff game at 8 p.m. tonight at Bessemer. Universal is one-up on Bessemer. . . . Doubles Team Now In Finals Of New Castle Tournament

Ted Lewis and Bob Jackson Sunday moved into the finals in the doubles division of the New Castle tennis tournament by eliminating Bob Sturgeon and Tom Jones, 2-6, 6-3, 6-2.

Sturgeon and Jones had previously upset Westminster professors John Forry and George Bleasby, 8-6, 6-3, on Saturday night.

Defending champs, Al Jones and Joe Boss, gained a semi-final berth behind the team of Andy Johnson and Howard Kiebe, by defeating Matt Missey and Chauncey Dean, 6-0, 4-6, 6-2. Johnson and Kiebe eliminated Bill Samuels and Eugene DeCaprio in straight sets, 6-1, 6-1.

In senior singles, Chauncey Dean and Andy Johnson, entered quarter-final play with victories from Tom Jones, 8-6, 2-6, 6-4, and Bud Bush, 7-5, 4-6, 6-2, respectively. Bill Samuels had previously won from Matt Missey for another quarter-final berth.

Junior division reported winners were Arnold, 7-5, 6-4 over Coburn, and Fassinger, 4-6, 6-2, 6-2 over Lee.

EASTERN TEAM WINS

CHICAGO, Aug. 13.—(INS)—The Eastern All-Stars beat the West, 3 to 1 in the 19th annual negro American league game yesterday in Chicago's Comiskey Park.

The victory cut the west's edge in the series to a 11 to 8 before a crowd of 21,312 that saw the east take its first game in three years.

North County League Playoffs Begin Tonight

New Wilmington And East Brook Hosts

North County Baseball League playoffs will get under way tonight with Pulaski at East Brook and the Eden-Hillers at New Wilmington.

The first round series will consist of best-out-of-five games, played on alternate fields. If the series go the limit the field of the final contest will be selected by the managers of the competing teams.

It will probably be Chuck Yarlets vs. Wilson on the mound tonight at East Brook. These two pitchers ranked one-two in the league during the season in both wins and strikeouts.

East Brook won seven of the eight regular season games from Pulaski, with Yarlets setting the pennant winners down with five hits in their last meeting of the season for Pulaski's only win.

Pitching selections for the game at New Wilmington are uncertain, though it is almost certain that Manager Rocco Mommosso of the Hillers will shoot with his ace B. Bonace.

The two teams split even in their eight contests during the regular season schedule.

Phillies Arrange Old Timers Night

PHILADELPHIA, Aug. 13.—(INS)—More than a score of former diamond greats will be on hand at Shibe park August 29 to give the youthful Phillies a lesson in what baseball was like in the "good old days".

The Phillies has designated the evening as "Old Timer's Night" as their contribution to the celebration of the National league's diamond jubilee.

The old-timers, including shortstop Charley Gelbert and ace first-sacker, Frank McCormick and Joe Judge will play a three inning exhibition as a prelude to the night game between the Phillies and the St. Louis Cardinals.

Hogan Captures \$12,500 Purse

Finishes First
At Tam O'Shanter

BY PATRICK JOYCE
(N. S. Sports Writer)

CHICAGO, Aug. 13.—Bantam Ben Hogan, winner of golfdom's richest tourney, Tam O'Shanter's glittering \$50,000 "world championship," celebrated his 39th birthday today by taking a well-merited rest.

The Fort Worth, Tex., links star flashed like a true champion yesterday as he led a field of 74 of the world's best performers for the first prize money of \$12,500.

Ben grabbed the "world championship" with a slashing 273—15 strokes under par.

Hogan finished three strokes ahead of Jimmy Demaret of Ojai, Calif., who carded a 276.

Babe Retains Title
Mrs. Mildred Babe Zaharias successfully defended her "world" women's title by taking first place—and a purse of \$2,100—with a 298, six strokes under par.

Mrs. Zaharias' performance yesterday put her six strokes in front of second place Patty Berg of Minneapolis, Minn., who shot a 304.

TOWN HITS JACKPOT

EAST PROVIDENCE, R. I.—This town hit the jackpot. It cost East Providence \$47.60 to destroy four slot machines seized in police raids. However, when the one-armed bandits were smashed open their coin boxes yielded \$64.58. So there was a profit of \$16.98 for the town.

BUTTER FROSTING

To make a butter frosting you'll need about a quarter cup of butter to two cups of confectioners' sugar, moisten with a little cream and flavor with vanilla and a pinch of salt. This should be enough frosting for an eight-inch square cake.

EIGHTH-FIRST TIE
Eighth and First Ward teams in the New Castle Little League played to another tie Saturday night.

Thursday evening the two teams played to a 4-4 tie and Saturday night the game ended up 3-3. The game will be played off at a date to be announced later.

Tonight the First Ward will meet the Seventh Ward at Little League ball field on the Dean Park site.

SEVENTH WINS TWO
Seventh Ward won two games over the week end, defeating the Fourth Ward, 3-1, behind the three hit hurling of R. Mangino, and topping the Second Ward, 9-2, behind A. DeLuca.

Hitting stars in the first game were L. Matteo with two doubles, and Fourth Ward pitcher DiCarlo with a home run.

The Seventh Warders got to Long John Wether in the second game and went on to win. Casandra relieved Wether in the second inning. L. Matteo, L. Quallero and M. Conti each had two hits for the winners.

Wether hit a home run and a single for the losers.

Golf Association Rules Stymie Out

NEW YORK, Aug. 13.—(INS)—The much-criticized stymie has been given the heave-ho by the United States Golf Association.

The executive committee of the USGA has given its approval to a revised universal code of golf rules, including the dropping of the stymie.

The stymie occurs in match play when the ball of one player blocks the route to the hole of the ball of his opposing player. It must be more than six inches from the hole.

This made it necessary for the opposing player to either go around the blocking ball or chip over it. The new rule provides for the ball blocking the hole to be lifted.

Michigan State, Homecoming football opponent on October 20, set the current Penn State attendance record of 24,500 in 1948. The seating capacity of Penn State's Beaver Field has since been boosted to an even 30,000.
